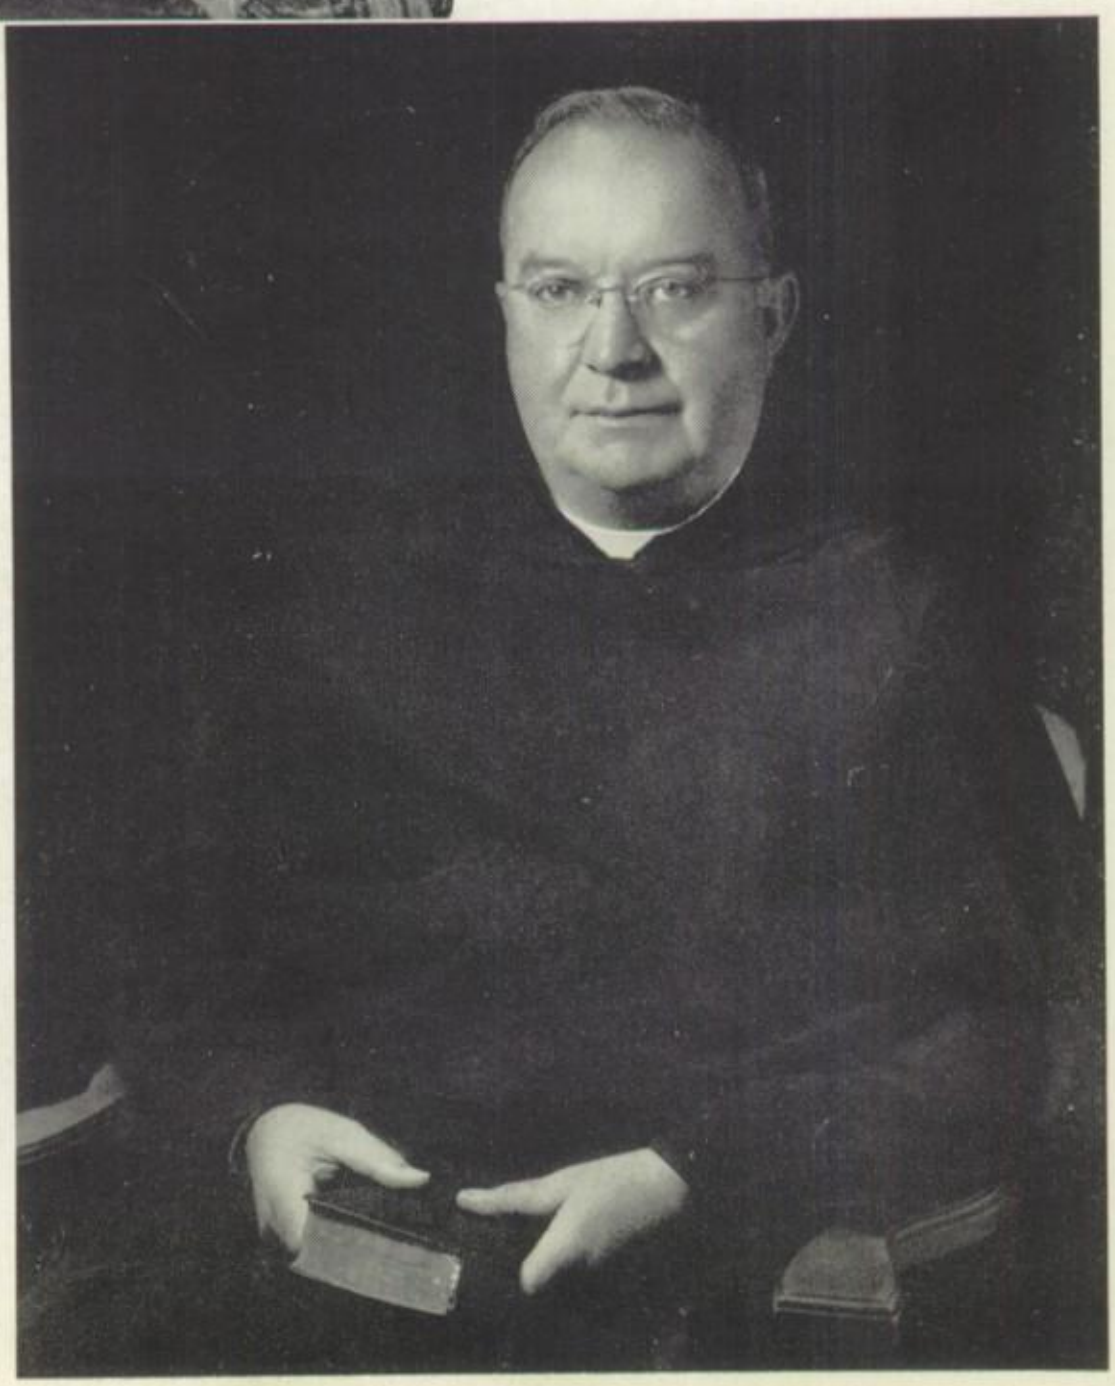
Diocesan

His Excellency, Most Reverend Charles F. Buddy, Bishop of San Diego, embraces all the School in the Lord's blessing at Mass.



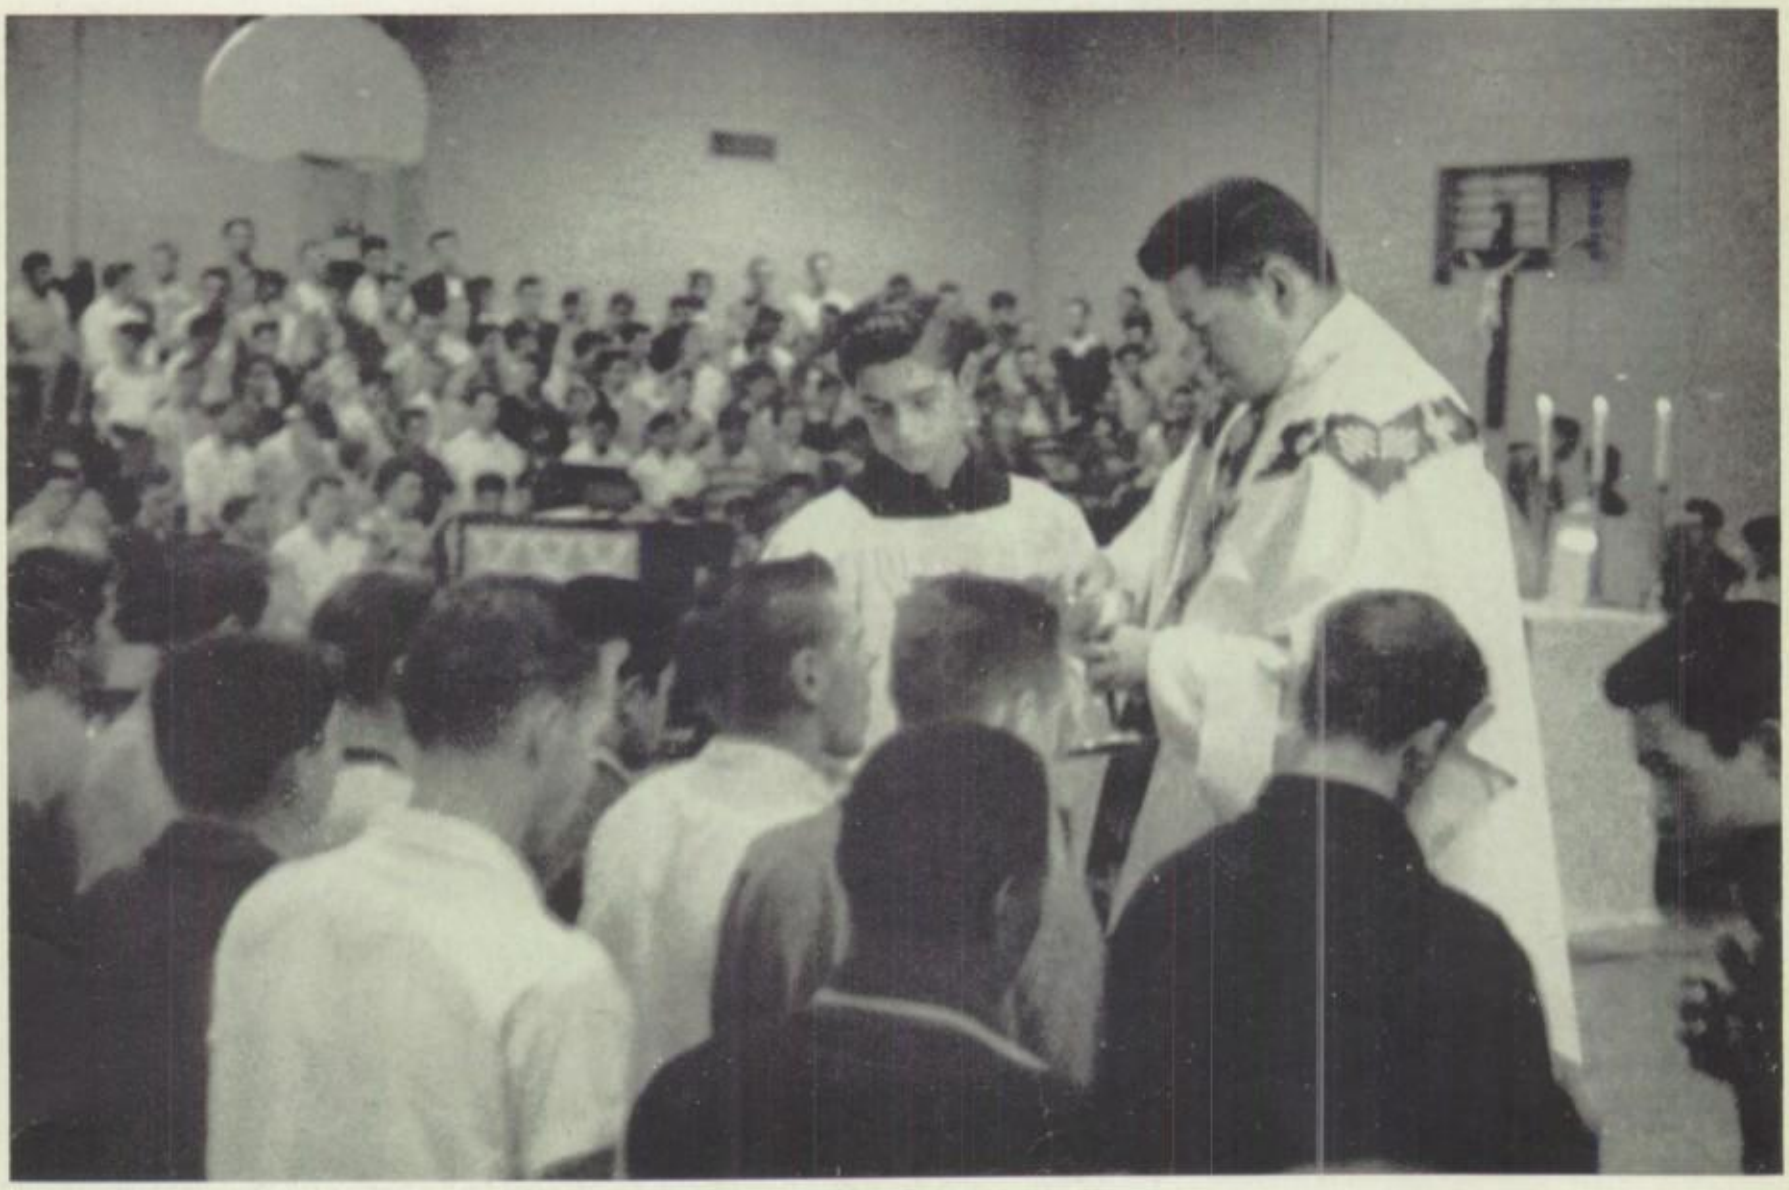
Religious

As **Commissary-Provincial,** Very Reverend Thomas B. Austin directs the Augustinian Fathers on the West Coast. Dwelling on Saint's campus, he seeks the welfare of parishes and schools furnished and staffed by the Order.

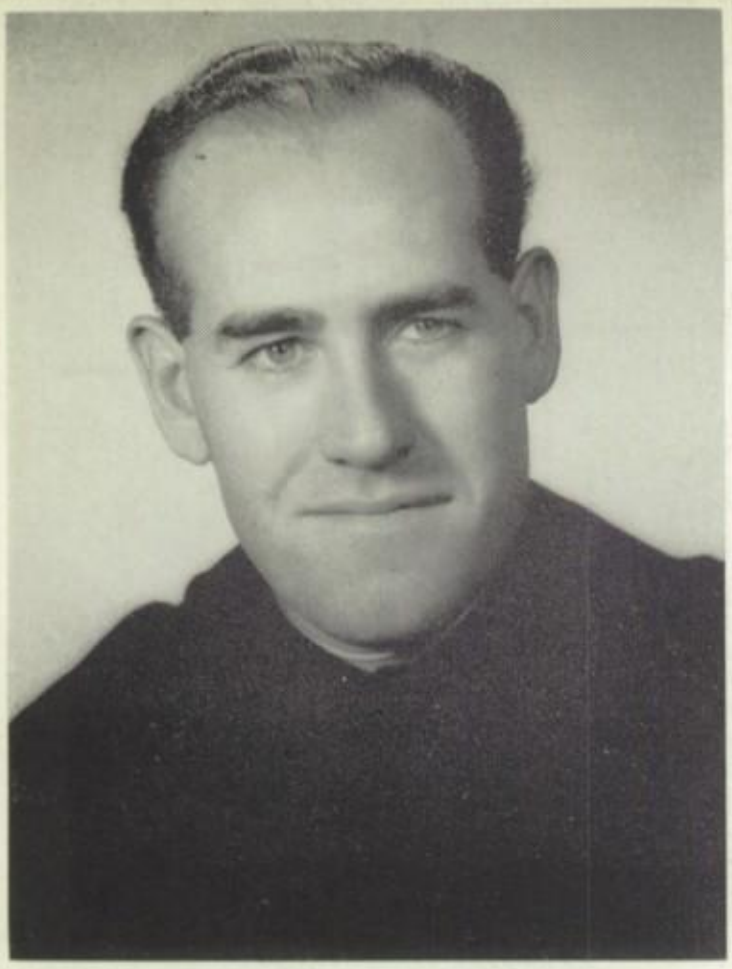
School Principal

Very Rev. John R. Aherne, O.S.A., M.A.

Peace, Saint Augustine told the world of the fourth century, is the tranquillity of order. As I think of your going forth, it seems to me you could reflect on nothing so fruitful as that statement. What we have tried to convey to you is a sense of order—the just relationship you bear to God, to society, to your own eternal destiny. Life itself takes over the instruction now. May the outcome of all this teaching be nothing less than peace.



IN HOLY COMMUNION Principal and Pupil are spiritually related through Christ. This brotherhood dignifies man and boy in each others eyes.



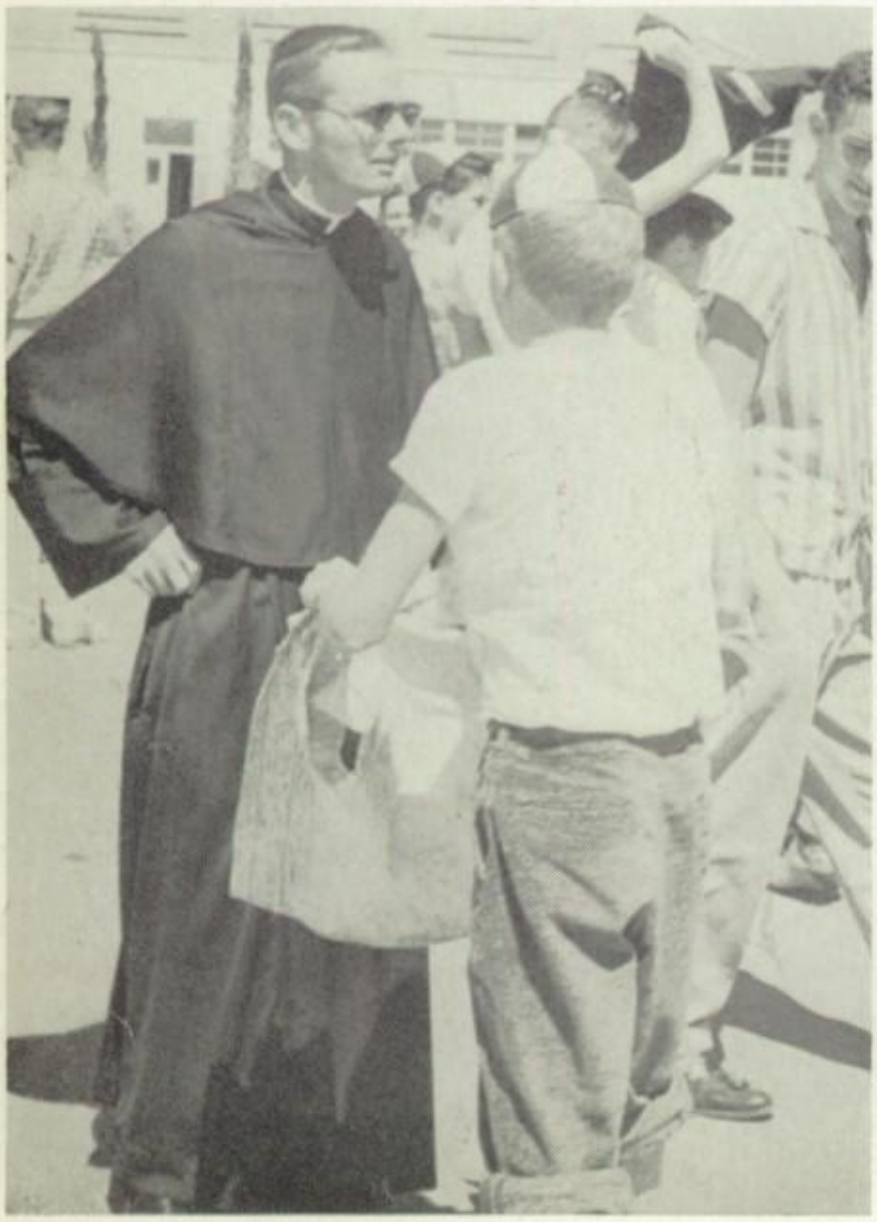
Father John F. Glynn, O. S. A., M. A. Vice Principal and Senior Counsellor. Teaches Algebra I, Plane Geometry, Latin III and IV.

Discipline . . .

The Apostles of Christ were first trained as Disciples, that is, as learners under discipline. The purpose of St. Augustine's is to develop Christian gentlemen for the world.

Such as I Love, I Rebuke and Chastise

Policing the lunch grounds as Freshman Counsellor, until transferred to Villanova Prep, Father Jeremiah C. Brown, O. S. A. helps fill a disciple's sack of joy.

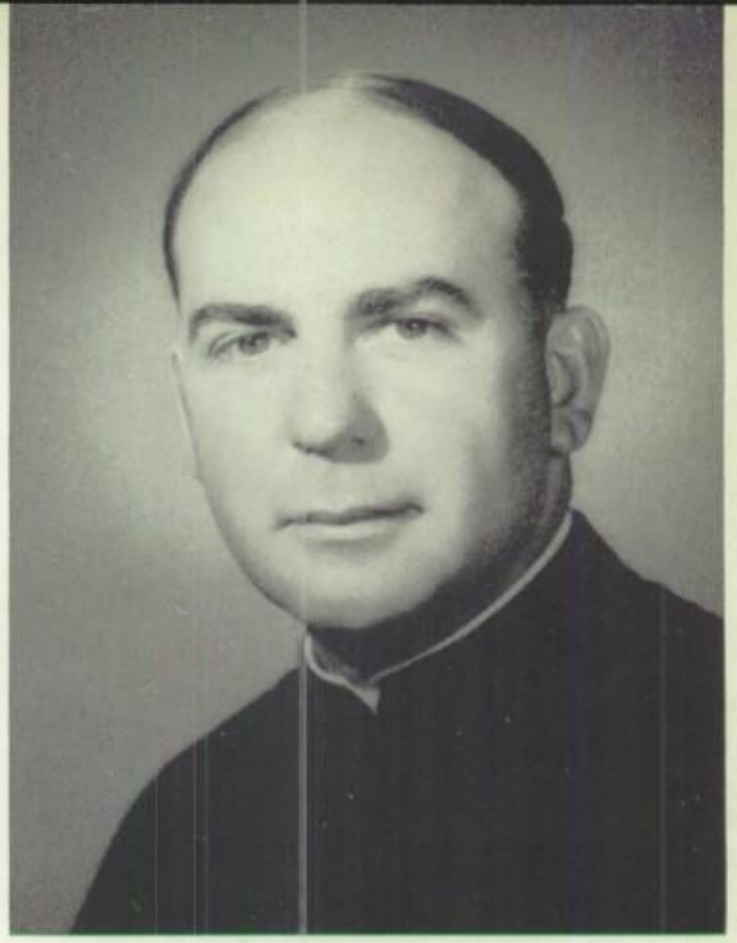


Father Robert A. Griswold, O. S. A., M. A. Juniors' Disciplinarian, Moderator of the Freshman Class. Teaches Religion I, II, and III, English I and II, History II.

Administration

Foreseeing demands upon educated Christians, the Principal as head of the Studies Department maps a course complete with religion for each student. The faculty, in monthly meetings, is coordinated in aim and professional manner, checked from time to time by the Administrative Assistant.

The economy of a growing private school is hazardous at best. Efficiently exacting the promised fees in a charitable manner demands a full vision of the Cross. The Business Manager goes unthanked until Heaven as he maintains the property and supervises the help.

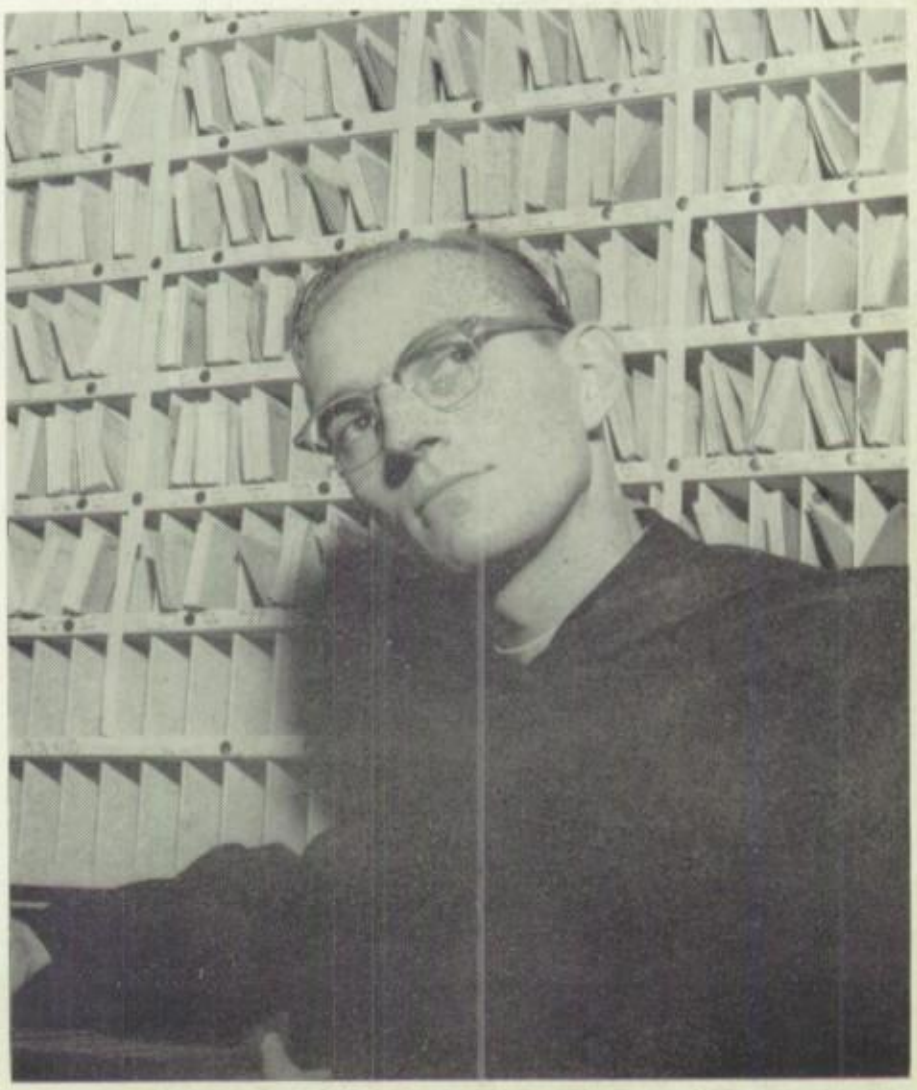


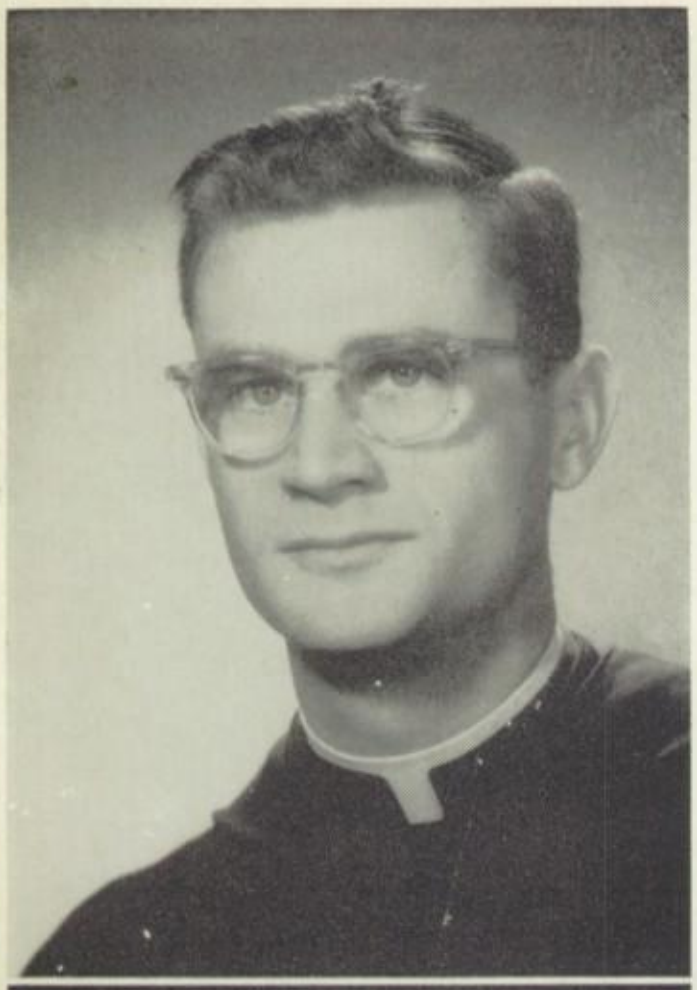
Father Donald L. Williams, O. S. A., M. A. Assistant Administrator, Moderator of the Austin Guild. Teaches Spanish I, Religion IV, French I.

Take up thy Cross, and Follow Me

Pigeonhold are the programs for the teeming 856 youths, arranged by Father William H. Sullivan, O. S. A., M. A., who, until he was called to Ojai, moderated the AUGUSTINIAN and taught Religion III, English I, III, and IV.

Father Charles Jude Danaher, O. S. A., M. A. Social Moderator of ASB, and Moderator of Junior Class. Teaches Religion IV, and English IV.





Fr. Patrick J. Keane, O. S. A., M. A. Chaplain, teaches Religion I, III, and IV, Trigonometry and Solid Geometry, Mechanical Drawing, Moderator of YCS (Young Christian Students).

Senior Class History

September 1953—A faltering and uncertain group of Freshmen entered St. Augustine High School. From this eventful day their class history begins.

Many new things were learned in the Freshman year and we took our first strides toward manhood. Through the years our strides steadied and became more sure. As we grew into manhood, we realized the great honor of being Saintsmen and our tremendous duty to fulfill all that the name implies.

The strength and spirit of the class became evident in the fall of our Junior year, when we became the backbone of one of Saints' greatest teams under the able coaching of Mr. Carter and Mr. Galindo.

A hard hitting line of tackles: Neal Rountree and Charles Cunningham; guards, Jay Elson and John Meulmester; Gabe Romero and Tom Oppenheimer with Dick Hammes at center and Tom Valverde at end; followed by the hard running half-backs Dick Neely and Joe Albright and quarterback Tony Gianformaggio which gave promise to a great Senior year. Marcus Bacling and Mike O'Connor, defensive end, gave real spirit to the team this year. John Luna, Ray Ratelle, Jay Elson, Bob Ekhaml and Sam Galasso showed true Saintsmen ability in track, while Wendell Fleet, Larry Shea, John Shea, Mike Pflaum and Hilbert Mercado put in their appearance on the baseball diamond and Tom Valverde, Jim Suda, Jay Oliver and Wendell Fleet contributed to a truly great basketball team.

In student government, two names are outstanding, Thomas Valverde, our A.S.B. President, and Richard Neely, A.S.B. Vice President.

June 1956—For the first time in the nineteen year history of California Boys State the offices of Governor and Lieutenant Governor were held by the boys from the same school much less the same city. Dick Hammes was elected Governor and Tom Valverde elected Lieutenant Governor. Boys State sponsored by the American Legion, is an annual program taking in outstanding high school juniors from all over the state and teaches California Government by actual participation.

The first California Scholastic Federation in Saints' history was installed in February, and the newly elected officers were Dick Hammes, President; Tom Valverde, Vice President and Tony Iagmin, Secretary.

In our junior year we saw Hernando Limon win the gold medal for studies and Robert Ekhanl, for religious essay.

Tom Valverde in liberal arts and Dick Hammes in science and math were awarded certificates of achievement by the Bank of America.

Michael Pastore won First place in the Science Fair in electronics for his solar battery radio and John Sullivan entered his Van de Graff Generator.

On the 27th of April, John Fait, Mike Pastore, Hernando Limon, John Flanigan, John Coker, Wally Grauzinas, and Mike Brooks represented Canada in the second Annual U.N. Conference held at State College.

In the field of Journalism Mike Pastore was Editor in Chief of the Newspaper; John Flanigan, Editor in Chief of the yearbook; John Fait, Personals Editor; Charles King, Assistant Personals Editor and Bob Eknaml, covering intermurals.

Class of 1958—Juniors

Orlando Malanga, President; Jose Cachuela, Vice-President; George Luna, Secretary; Louis Padberg, Treasurer.

During their third year, the Class of '58 was expected to do great things, and we lived up to these expectations.

In the third week, we were afforded ample leadership with the election of Orlando Malanga, president; Jose Cachuela, Vice-President; George Luna, Secretary; and Louis Padberg, Treasurer.

On the gridiron, honors were brought by Bob Buchanan, Joe Gray, and Sam Owens. Leading the way were Dick Rudd, Jack Bradley, James Walker, George Luna, Orlando Malanga, and Al Weigel.

The backbone of the basketball team was made up of Richard Patrick, Dick Lonnecker, Dan Rossi, Alex Castro, and Sam Owens. And many will remember the sparkling performance of Tom Shaules, who broke John Cunningham's record with an all-time high of 587 points.

Meanwhile, points on the track team were being tallied by Lee Steinauer, Joe Gray, Pat Ratelle, Joe DelVillar, Dick Pastoral, Bob Vent, and Paul Cota. And running bases for us were George Luna, Jim Walker, Dick Serrano, Ramon Meza, Harvey Osinski and Dick Weber.

Cheering them on was John Learnard, whose megaphone will continue to echo next year. Also echoing next year will be Fred Nervo, who attained first place in a Spanish-speaking contest, second place in a Lions' Club Speech Tournament and second place in a Poetry Interpretation division at the State College Tournament.

Leading the band was Dick Lonnecker, who took second place as a military drum major in the All-Western Band Review held in Long Beach. Other school leaders were Richard Patrick as A.S.B. Secretary and Philip Mascari as A.S.B. Treasurer.

Activity-wise, Dick Rudd represented us, along with Carol Fabian, as King and Queen of the A.S.B. Ball; and as thespians in the senior play, Carlos Galvin, Donald Lopker, Collin Bennett, and Fred Nervo.

Inaugurated this year was a junior court to try offenses of the cleanup campaign. The Senior Prom, given by the junior class, was also held, with much success, on May 29th.

Intramurals didn't leave us in the cold this year, either, as we swept football and volleyball with Section 3E's "Los Toros" and basketball with Section 3C's "Los Chicos."

With these achievements, we can look forward to a great senior year.

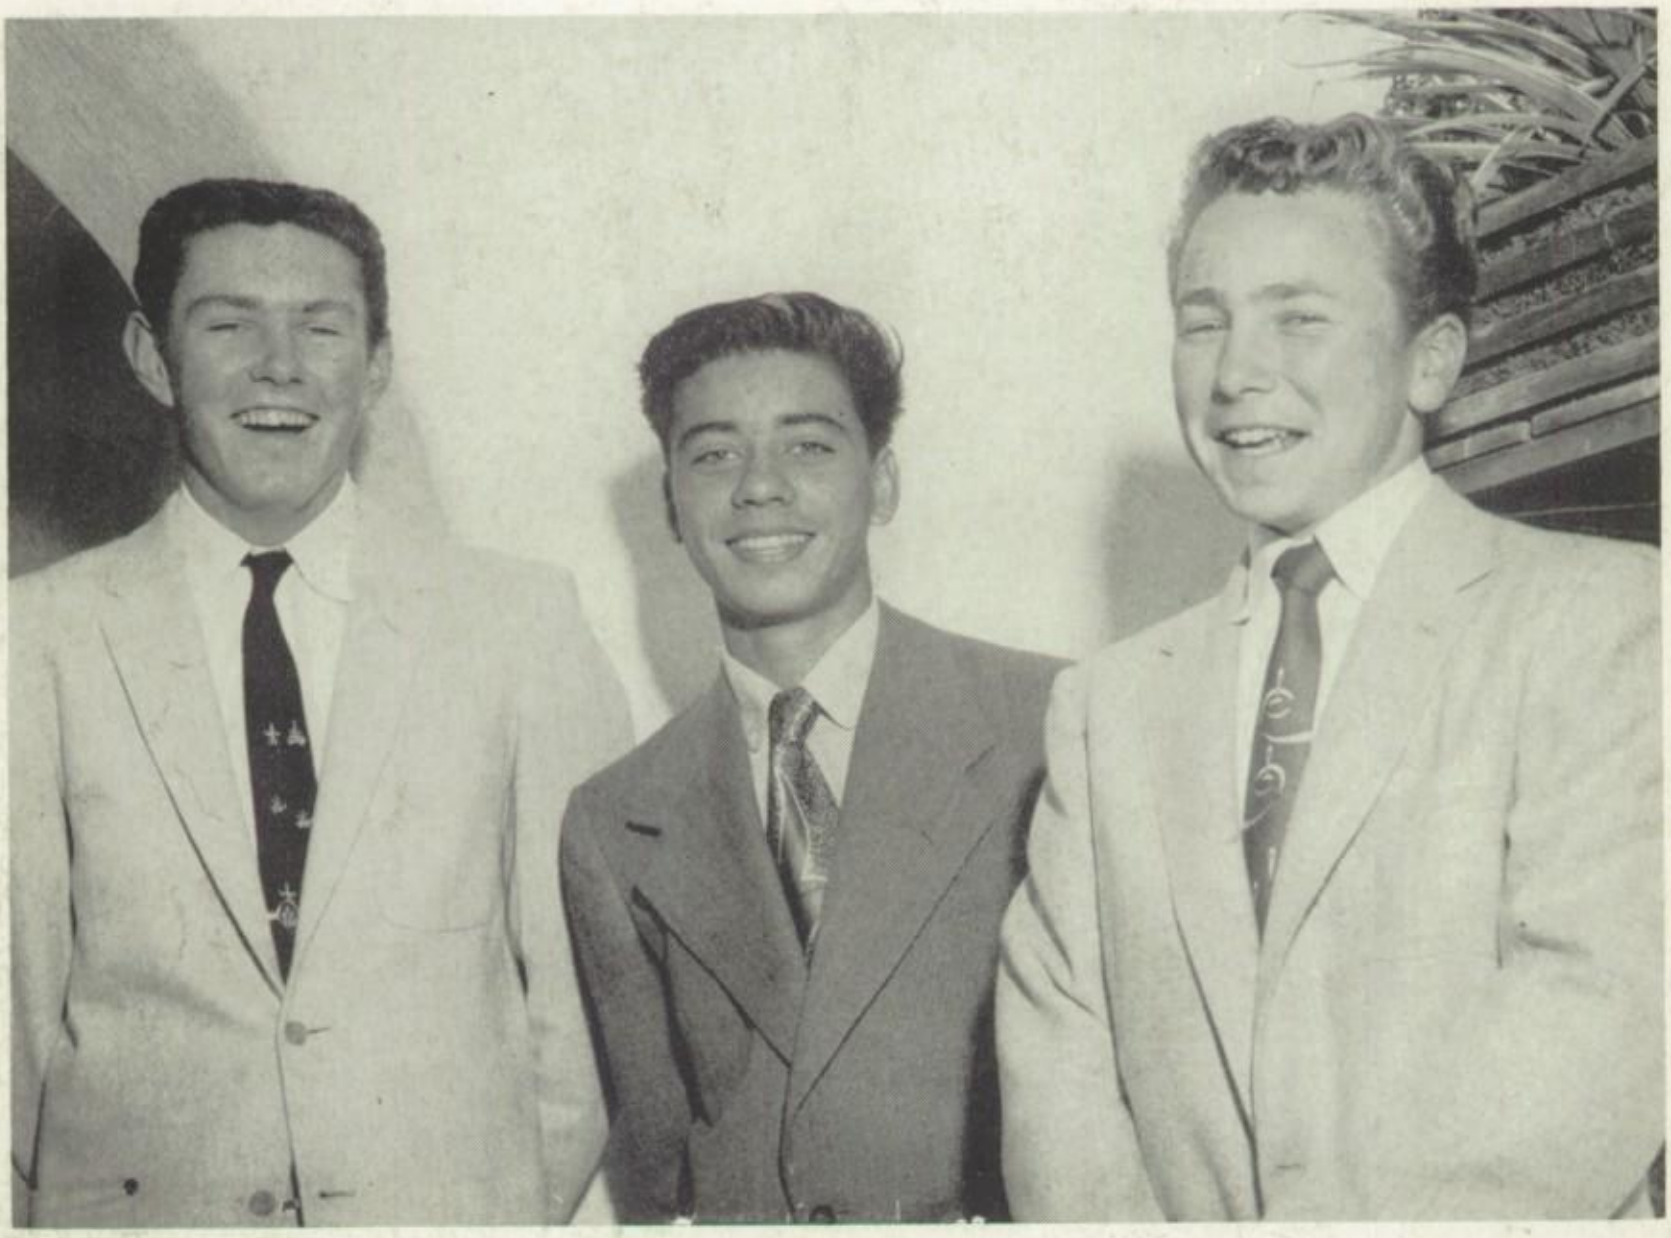
Class of 1959—Sophomores



Soph Class Officers: Jim Riley, president; Burt Burnham, vice-president; Jim Bignell, treasurer; not pictured, Ricardo Yasuhara, secretary.

This year, the sophomore class was under the able leadership of Jim Riley, Burt Burnham, Ricardo Yasuhara, and Jim Bignell. Steve Manley served as Commissioner of Elections on the A.S.B. Council.

The year got off to a good start when our float placed first in the annual Homecoming Day Parade. We all owe a vote of thanks to Father Brown, and Mr. Alkazin, of Convair.

Steve Manley represented us in speech contests around the county, and performed in the senior play as the drunkard.

In the field of athletics, the sophomore class showed great promise for the future. On the varsity, we saw such names as Bob Irwin, Mike Cunningham, Louis Yandall, and Bob Haynes. On the J.V. football team, we were led by Wally Cubley, Jim Riley, Al Roman, Pat Ruscilli, Jim Lamb, Frank Constintino, John Parkins, and Chuck Adams.

Some promising sophomores on the J.V. baseball team make the future seem bright in this sport, too. To name a few: Pat Ruscilli, Tom Goddard, Richard O'Lear, Jim Riley, Mike Cunningham, Jim Lamb, Dave Melton, and John Schoplin.

John Andrew and Burt Burnham made a fine showing in track. Another sophomore, Joseph Rosa, won the Turkey Trot.

We also found our mark in tennis with John Minna, who represented SAINTS at the "Dudley Cup Tennis Tournament," at Santa Monica.

In the first annual variety show Steve Manley performed as part of the comedy team, "Hammes and Manley". Mike Hubbard also was very entertaining with his "Chalk Talk".

John Mallory, one of the scientifically interested Saintsmen, placed high in the annual San Diego County Science Fair.

It has been a full year, and we are looking forward to 1958 with great optimism and hope.

Class of 1960—Freshmen

Frosh Class Officers: Dennis Shields, vice-president; Carlton Bledsoe, president; Dennis Shea, treasurer; George Clause, secretary.

The first meeting of this freshman class occurred on Patio Day with the expectance of all concerned becoming true Saintsmen.

The freshmen showed great spirit in surviving the initiation. Vince Richutti, Tony Filham and Albert Risley were frequently seen outrunning the seniors.

In Freshman football, Carlton Bledsoe and Dennis Shea were stalwarts in the line, while Larry Turner, George Clause and Pat O'Malley stood out in giving Saints its first undefeated team.

In band activity, Bob Padberg, Terry Kettinhoffen and Barney Davis were representatives of the freshman class.

Freshman-Sophomore Basketball saw Robert Romero, Vincent Richutti and Paul Martinez constantly putting the ball through the hoop.

In after-semester activities, we find freshmen George Clause and Larry Turner as representatives of the class on the "A" and "B" track teams, respectively; the Speech Tournaments saw Richard Centner holding his own in stiff competition.

On the tennis court, Marcus Carriedo and James Caterina, both of the freshman class, were standouts.

The freshmen were represented by Paul Nacozy and Richard Centner in the Journalism contest at San Diego State College.

Baseball saw Dennis Shea, Dennis Shields, and Pat O'Malley as representatives of the freshmen on the J.V. While the fences were dented by Ivaldo Martinez, Paul Martinez, Larry Sona, and Bill Cook on the freshman ball club.

Intramurals saw Section 1B monopolize football and basketball in the Freshman League. Standouts were Larry Turner, Denny Shields, and Bob Padberg.

On the volleyball court, Section 1A's "Los Matones" made a complete run-away of the Freshman League with Pete Beres, Pat O'Malley and Tom Wallace leading the way.

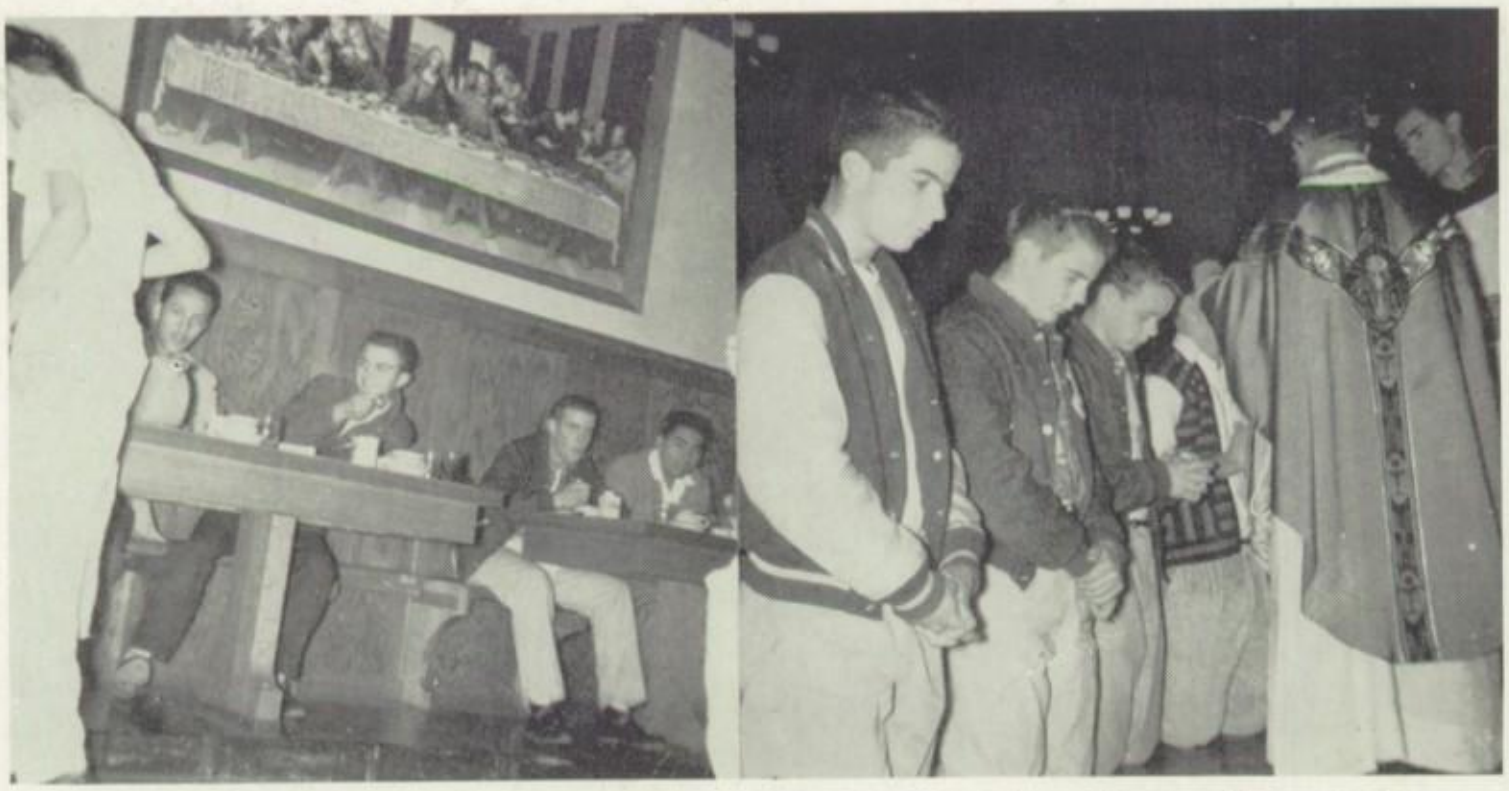
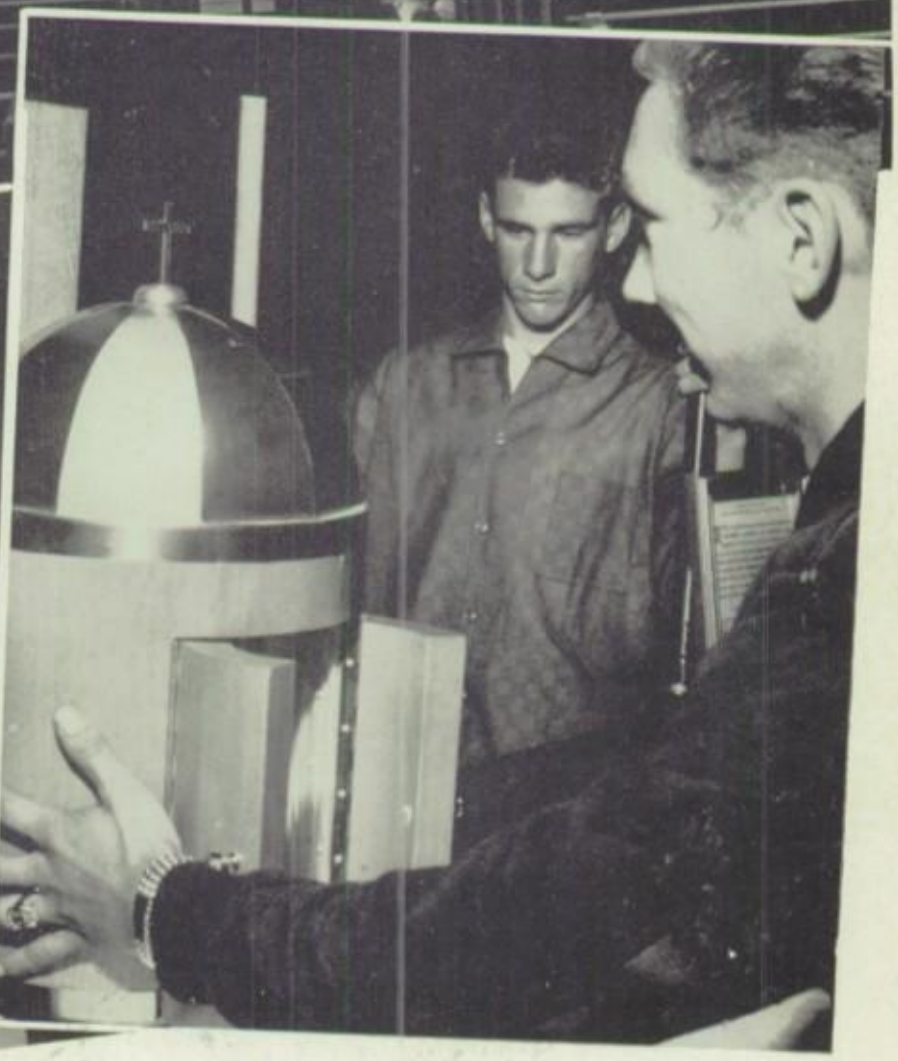
Liturgical Life on Campus

Religion is not just a course at Saints, it is the pervading atmosphere within which the school functions. Every class whether it be Apologetics or Algebra begins with a common prayer for guidance. The most exciting game on the field comes to a stop with the chiming of the Angelus. The chapel is handy any time of the day for a visit to the Blessed Sacrament.



The Passionist Fathers conducted the Senior Retreat at Mater Dolorosa Retreat House in Sierra Madre near Pasadena. The class attended in two groups in late January.



Mass each Friday for the entire student body with the accompanying opportunity for weekly confession and communion deepen and develop the foundation for a lifetime of solid Catholic piety. Through a program of appropriate prayers and devotions, a student is trained to think and pray with the Church as she moves through the months and seasons of the year.

Student Body Officers in their formal portrait. Left to right: Carl Kaleta, Traffic Council chairman; Dick Neely, Vice-prexy; Tom Valverde, President; Bob Ekhaml, Comm. of Athletics; Steve Manley, Comm. of Elections; Phil Mascari, Treasurer; Dick Patrick, Secretary. These and the various class officers form the Student Council.

Of, For, and By the Students

"All legislative powers herein granted shall be rested in the Student Council" (art. 1, sec. 1, A.S.B. Const.).

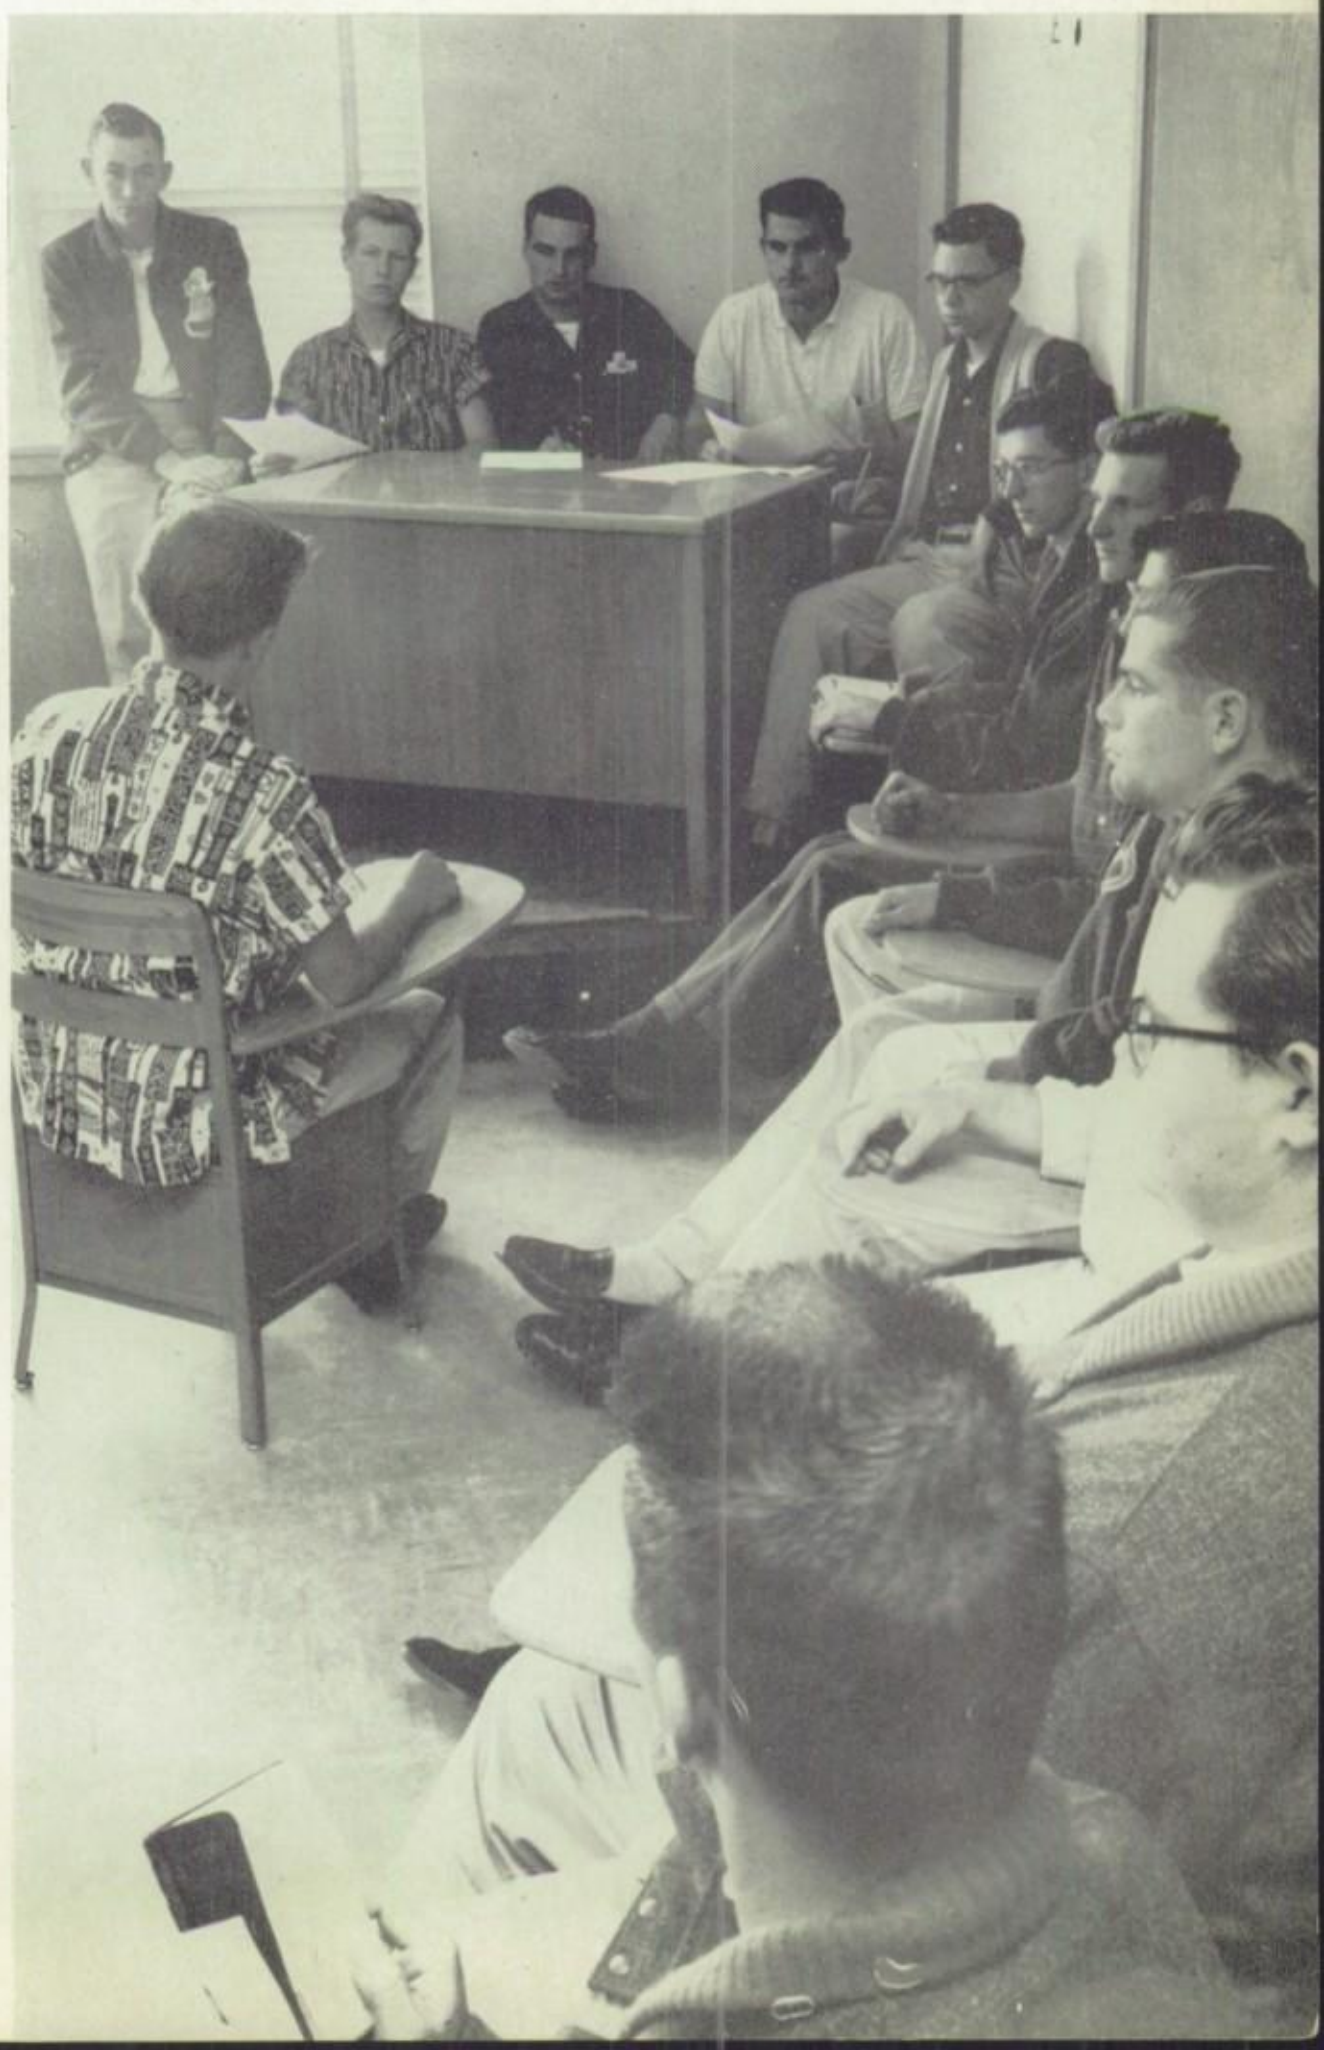
The center of all campus activity is the Student Council; this student elected, student governing body regulates the selection of cheerleaders, the sponsoring of dances, pep rallies, poster campaigns and many other school functions on the student level.

This year's officers particularly distinguished themselves by organizing the largest social affair of the year, the ASB Ball held at the U. S. Grant Hotel. Junior Dick Rudd and his date Carolyn Fabian were chosen king and queen marking the second year in a row a junior has reigned.

Hard work in organizing class floats and cooperation with the girls schools resulted in the most gala homecoming festivity of its kind in our history. Other highlights of the ASB year were the well attended dances in the gym, the volleyball game with Cathedral (in which we eked out a 21-20 victory), and the election of new officers in May.

Not Guilty, Your Honor!!

Already an accepted arm of school discipline, the Senior Court ably performed its functions again this year. Many an unwary undergraduate, strolling off grounds during lunchtime, was accosted by keen-eyed Vigilantes, and made subject to the Court's justice. Freshmen who had trouble remembering school rules soon discovered that Seniors only had locker privileges. The Judges made it their province to maintain clean grounds. Guilty defendants constantly left the courtroom in Room 17 with "10 Days Ground Duty" ringing in their ears.



Vigilantes Carl Kaleta and Fred McKinstry testify against fearful defendant while Judges Michael Pastore, Richard Hammes and Timothy Cleere hear evidence, Bailiff John Presley checks his list, while Secretary Richard Hardick prepares to record sentence. Prosecutor Anthony Gianformaggio and Defense Attorney Pete Clampitt listen to testimony. Vigilantes Ardel Nelson and Clifford Anglin prepare notes for next defendant.

Missing from picture, Joseph Abraham, Robert Scauzillo, Lee Chicoine, York Mitchell, and Jack Roccoforte.

Saintsman '57 sent its candid cameraman after Senior Russ Graff to get the story on a typical date at the ASB Ball. Reading from far left: 10 o'clock, 2 o'clock, 6 o'clock, 6:30, and 7 o'clock at the home of Nellie Clampitt.

Girls, Ask Your Brothers!!

The Easter Monday Ball, sponsored by the Fathers' Club, was typical of the many informal hops held in our gym. The Catholic girls' schools, outnumbering us five to one, backed our social season with beautiful belles and helped make it a scintillating success.

"Have a good time. Be careful, now!"; R & N having a good time; Russ sharin' a coke with Sam and Sharon with Nellie; after the ball, a piece o' pizza; and a fond goodnite.

Your Magic Spell Is Everywhere!!

The Football Prom drew a huge crowd. Here Mr. White's famous Barbershop Quartet entertains the alumni sponsored event at the El Cortez. The highlight of the evening was the awarding of trophies to our top senior gridders; Marcus Bacling was "Outstanding Back" and John Meulmester was "Outstanding Lineman."

Hey!!

Top to bottom: Fr. Sullivan, moderator; Fred Nervo, Robert Reilly and Paul Margoaian; Bob Cihak, Don Lopker and Carlos Galvin; Jose Cachuela and Paul Kreeb at the files; senior editors John Flanigan, Bob Ekhaml and Mike Gonzalez.

When's the Augustinian Coming Out?

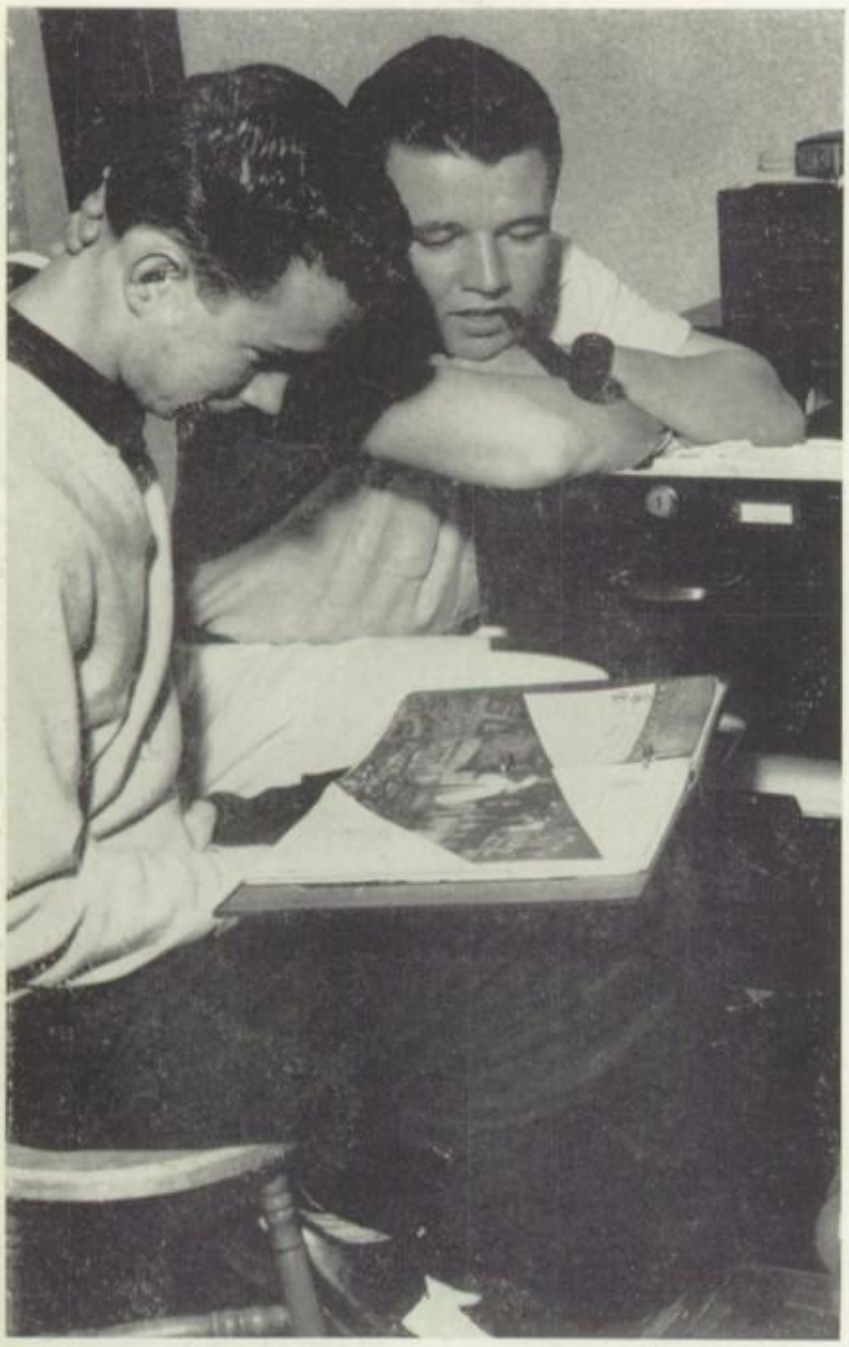
The average student eager for the news is unaware of the tremendous amount of work involved in publishing a monthly issue. The actual work begins on a Monday with the handing out of assignments by news-editor John Flanigan to an eager group of reporters, Gary Rye, Tim Cleere, John Presley, Jim Mott, Bob Reilly, Don Lopker and Bob Cihak. Then comes the frantic haste to meet the deadline. On the following weekend, Mike Nash, Fred Nervo and Jose Cachuela were always faithful in rewriting and typing.

Page two of the **Augustinian** is devoted to the features of Mike Gonzalez and his staff of Paul Kreeb, J. B. Coker III, Larry Dolan and Carlos Galvin. Joe Geddis, '28, was the alumni editor. John Meulmester's art work did a lot to liven up the editorial page and distract somewhat from the most read articles on page three, Sports, edited by Bob Ekhaml.

Friday, publication day, is preceded by a hectic week. Editor-in-chief Mike Pastore now has the hardest job of all—lay-out, proofreading, editing of the photos of photographers Jose Cachuela and Paul Kreeb, articles too short, articles too long, headlines to be written. Late Thursday night the Shopping News presses roll and Friday, the Augustinian is out.

"MR. AUGUSTINIAN," Mike Pastore. This picture is obviously posed. Mike never looked like this when the Augustinian was going to press.

'57 Saintsman—Wired for Sound



Editors John Flanigan and John Fait work on pages 98 and 99 out of the "dummy." The yearbook actually is built from three prototypes: full scale photographs, dummy proofs and page proofs.

The purpose of a good yearbook is to capture the fleeting events of campus life. SAINTSMAN for 1957 has attempted to sew between these turquoise covers the sights and for the first time the sounds we think you will enjoy remembering.

Editor-in-Chief: John Flanigan

Associate Editor: John Fait

Staffs

Personals: John Fait and Charles King (editors), John B. Coker III, Bob Madruga, Gary White, Mike Gonzalez, Pete Clampitt, Hernando Limon, Lee Chicoine, Wendell Fleet, Louis Padberg, Steve Manley, Jim Riley, Dennis Shields, Dennis Shea.

Sports: John Flanigan (editor), Jay Elson, Dick Hardick, Dick Hammes, Dick Neely, Jim Coker, Ray Ratelle, Dick Patrick, Bob Ekhaml (editor-intramurals).

Activities: Mike Pastore, Ardel Nelson, Tony Gianformaggio, Tom Gentilella, James Stuart, Mike Loughlin.

Photography: John Presley, Paul Kreeb, Paul Margosian, Ken Currier, Al Giglitto, Jose Cachuela, Bill Lehmann, Peter Lange, Harry Bach, Ray McLarty, Fred Nervo, Jim Ricca, Frank Fillmore, Alejo Orvananos, Bill Carter.

Typists: Mike Nash, Jim Ricca, Ray McLarty.

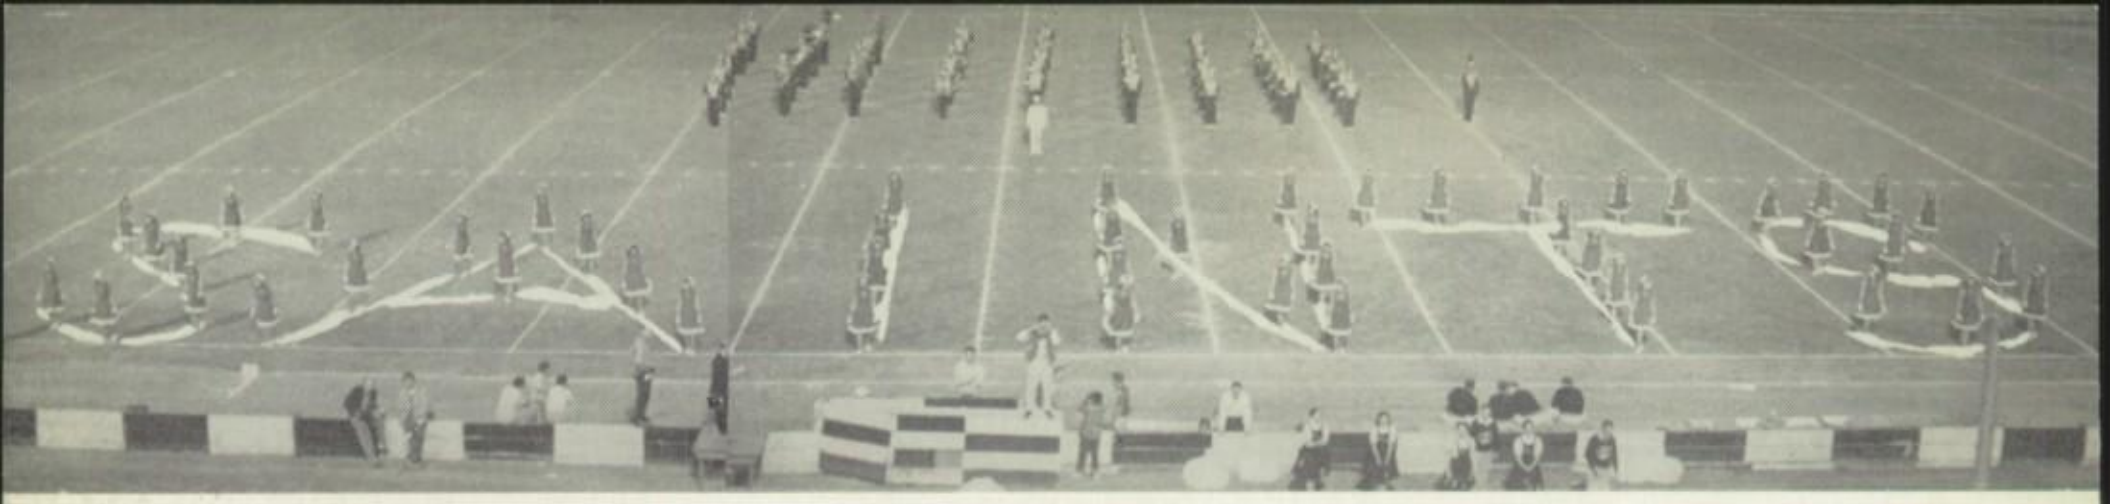
Audio: Steven Langworthy and John Letzinger (editors), John Mallory.

Moderators: Fr. Richard Smith, OSA, and Fr. David Ryan, OSA.

1957 SAINTSMAN Photo Staff covered the campus this year with lenses ranging from our 10" telephoto to a tiny 1½" wide-angle, and took a phenominal 4500 pictures in preparation of these pages. Standing: Paul Margosian, Al Giglitto, Paul Kreeb, Peter Lange, Harry Bach, Ray McLarty, John Presley, Fred Nervo, Jose Cachuela. Kneeling: Bill Carter, James Ricca, Ken Currier, Alejo Orvananos. Missing: Bill Lehmann.

Here are the sounds—at 45 rpm

Sophomores Steve Langworthy and John Letsinger, shown at right with our twin-deck editing console, prepared more than four hours of candid tape recordings before the script was begun on SAINTSMAN 57. Around the platter above are actual scenes taken at the time of recording the homecoming rally, faculty candids and interviews, and the band. THAT'S IT!!



THE SPIRIT OF 49 girls from the Academy of Our Lady of Peace helped make our Homecoming Night a memorable one. This drill team was the first of its kind ever seen at one of our games and did much to build campus spirit.

Homecoming—1956

Bottom center—The cheerleaders lead the student body in an enthusiastic yell.
Bottom right—The beauties: our queen and her court, Rosemary Jones, O.L.P.; Annette Francesca, Regina Coeli; her majesty, Evelyn Marquez, Cathedral; and Carolyn Treadwell, Rosary.

Song and Cheer Leaders

Now, Let's All Stand for the Alma Mater

When the twilight shadows gather
Out upon the campus green
When the blue and purple night
Comes stealing on the scene;
Loyal Sons of St. Augustine
Sing a hymn of praise
To our dear old Alma Mater
And our high school days

Extra! Extra! Read all about it!
We've got a team and we're going to
shout it
We've got a T-E-A-M
That's on the B-E-A-M
We've got a team that's on the beam
That's really hep to the Jive
Come on, Saints, skin 'em alive!

High Rollers

The bowling team, formed primarily for the enjoyment of its members, showed indications of future development into an intramural activity. The club met informally every Wednesday afternoon at the Hillcrest Bowl during second semester.

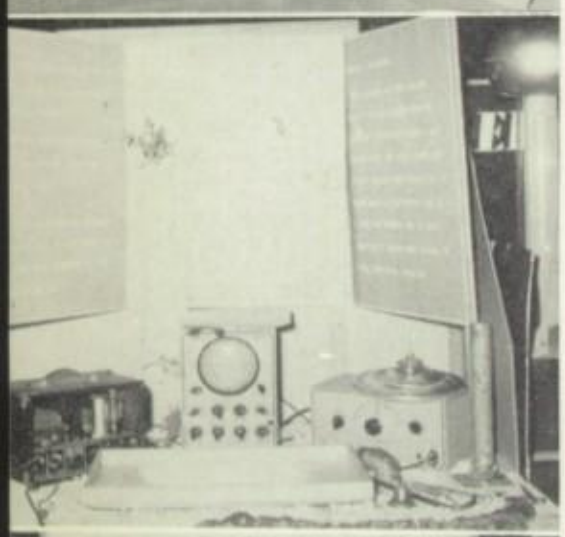
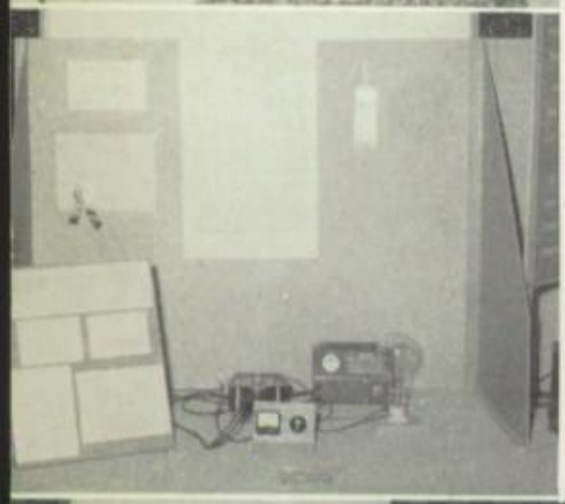
Accent on Science

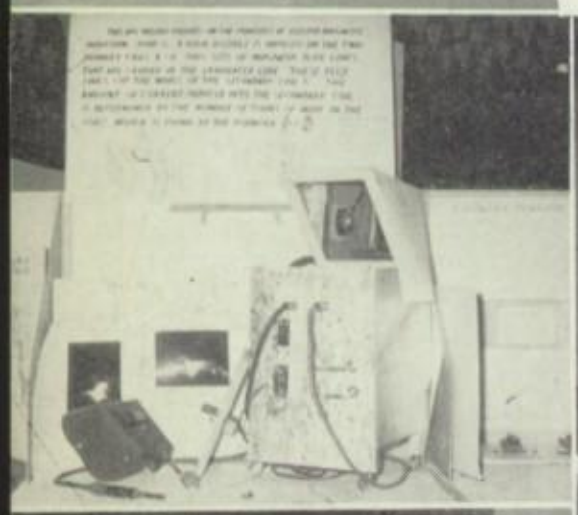


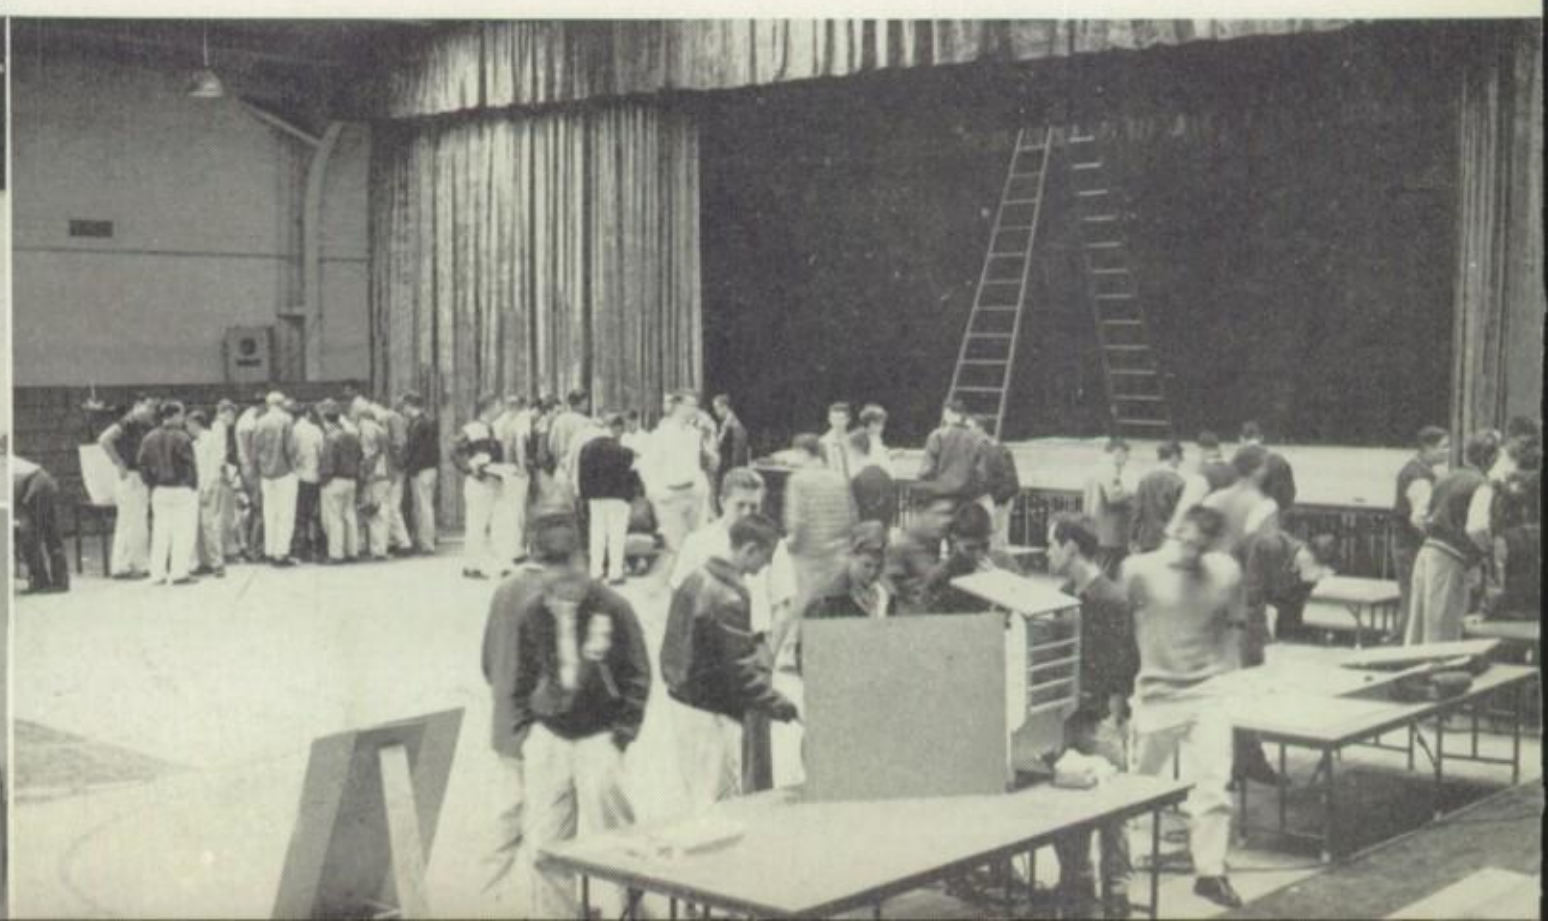


Riding on our success in the two previous San Diego Science Fairs, this year we had our own in Dougherty Gym in mid-March. Twenty-five exhibits were entered with junior Charles Read taking top honors with his homemade arc welder. Fr. Garrett was moderator of this fair.

Three weeks later, Saints entered six exhibits in the Third Annual San Diego Science Fair held in Balboa Park. Mike Pastore's solar powered radio won first place in Electronics and soph John Mallory's saturable reactor took third in Physics.

Science exhibits, top to bottom: John Sullivan's Van de Graff generator, capable of developing in excess of 250,000 volts used to accelerate a hydrogen nucleus down a vacuum tube; Mike Pastore's transistorized radio derived its power from the light of a 100-watt lamp; Louis Padberg converted heat to sound vibration and displayed the wave pattern on an oscilloscope; John Mallory's saturable reactor controls alternating current power; Charles Read's homemade arc welder, capable of 200 ampere output; Rolf Smith displayed six scale model cannons which he made and analyzed with a ballistics pendulum. Below, Saints' first Science Fair was a big success, had 25 exhibits. Stage in background was being prepared for the Variety Show (see page 88-89).





Physics Club

The Physics Club meets informally on almost any afternoon, under the moderation of Father Smith, to work out demonstrations to be used in Physics class. Its members are those with an active interest in the subject and who are willing to spend their afternoons experimenting with such principles as the Brownian Movement, synchronous clock motors, Jacob's Ladder, conservation of momentum and ballistics.

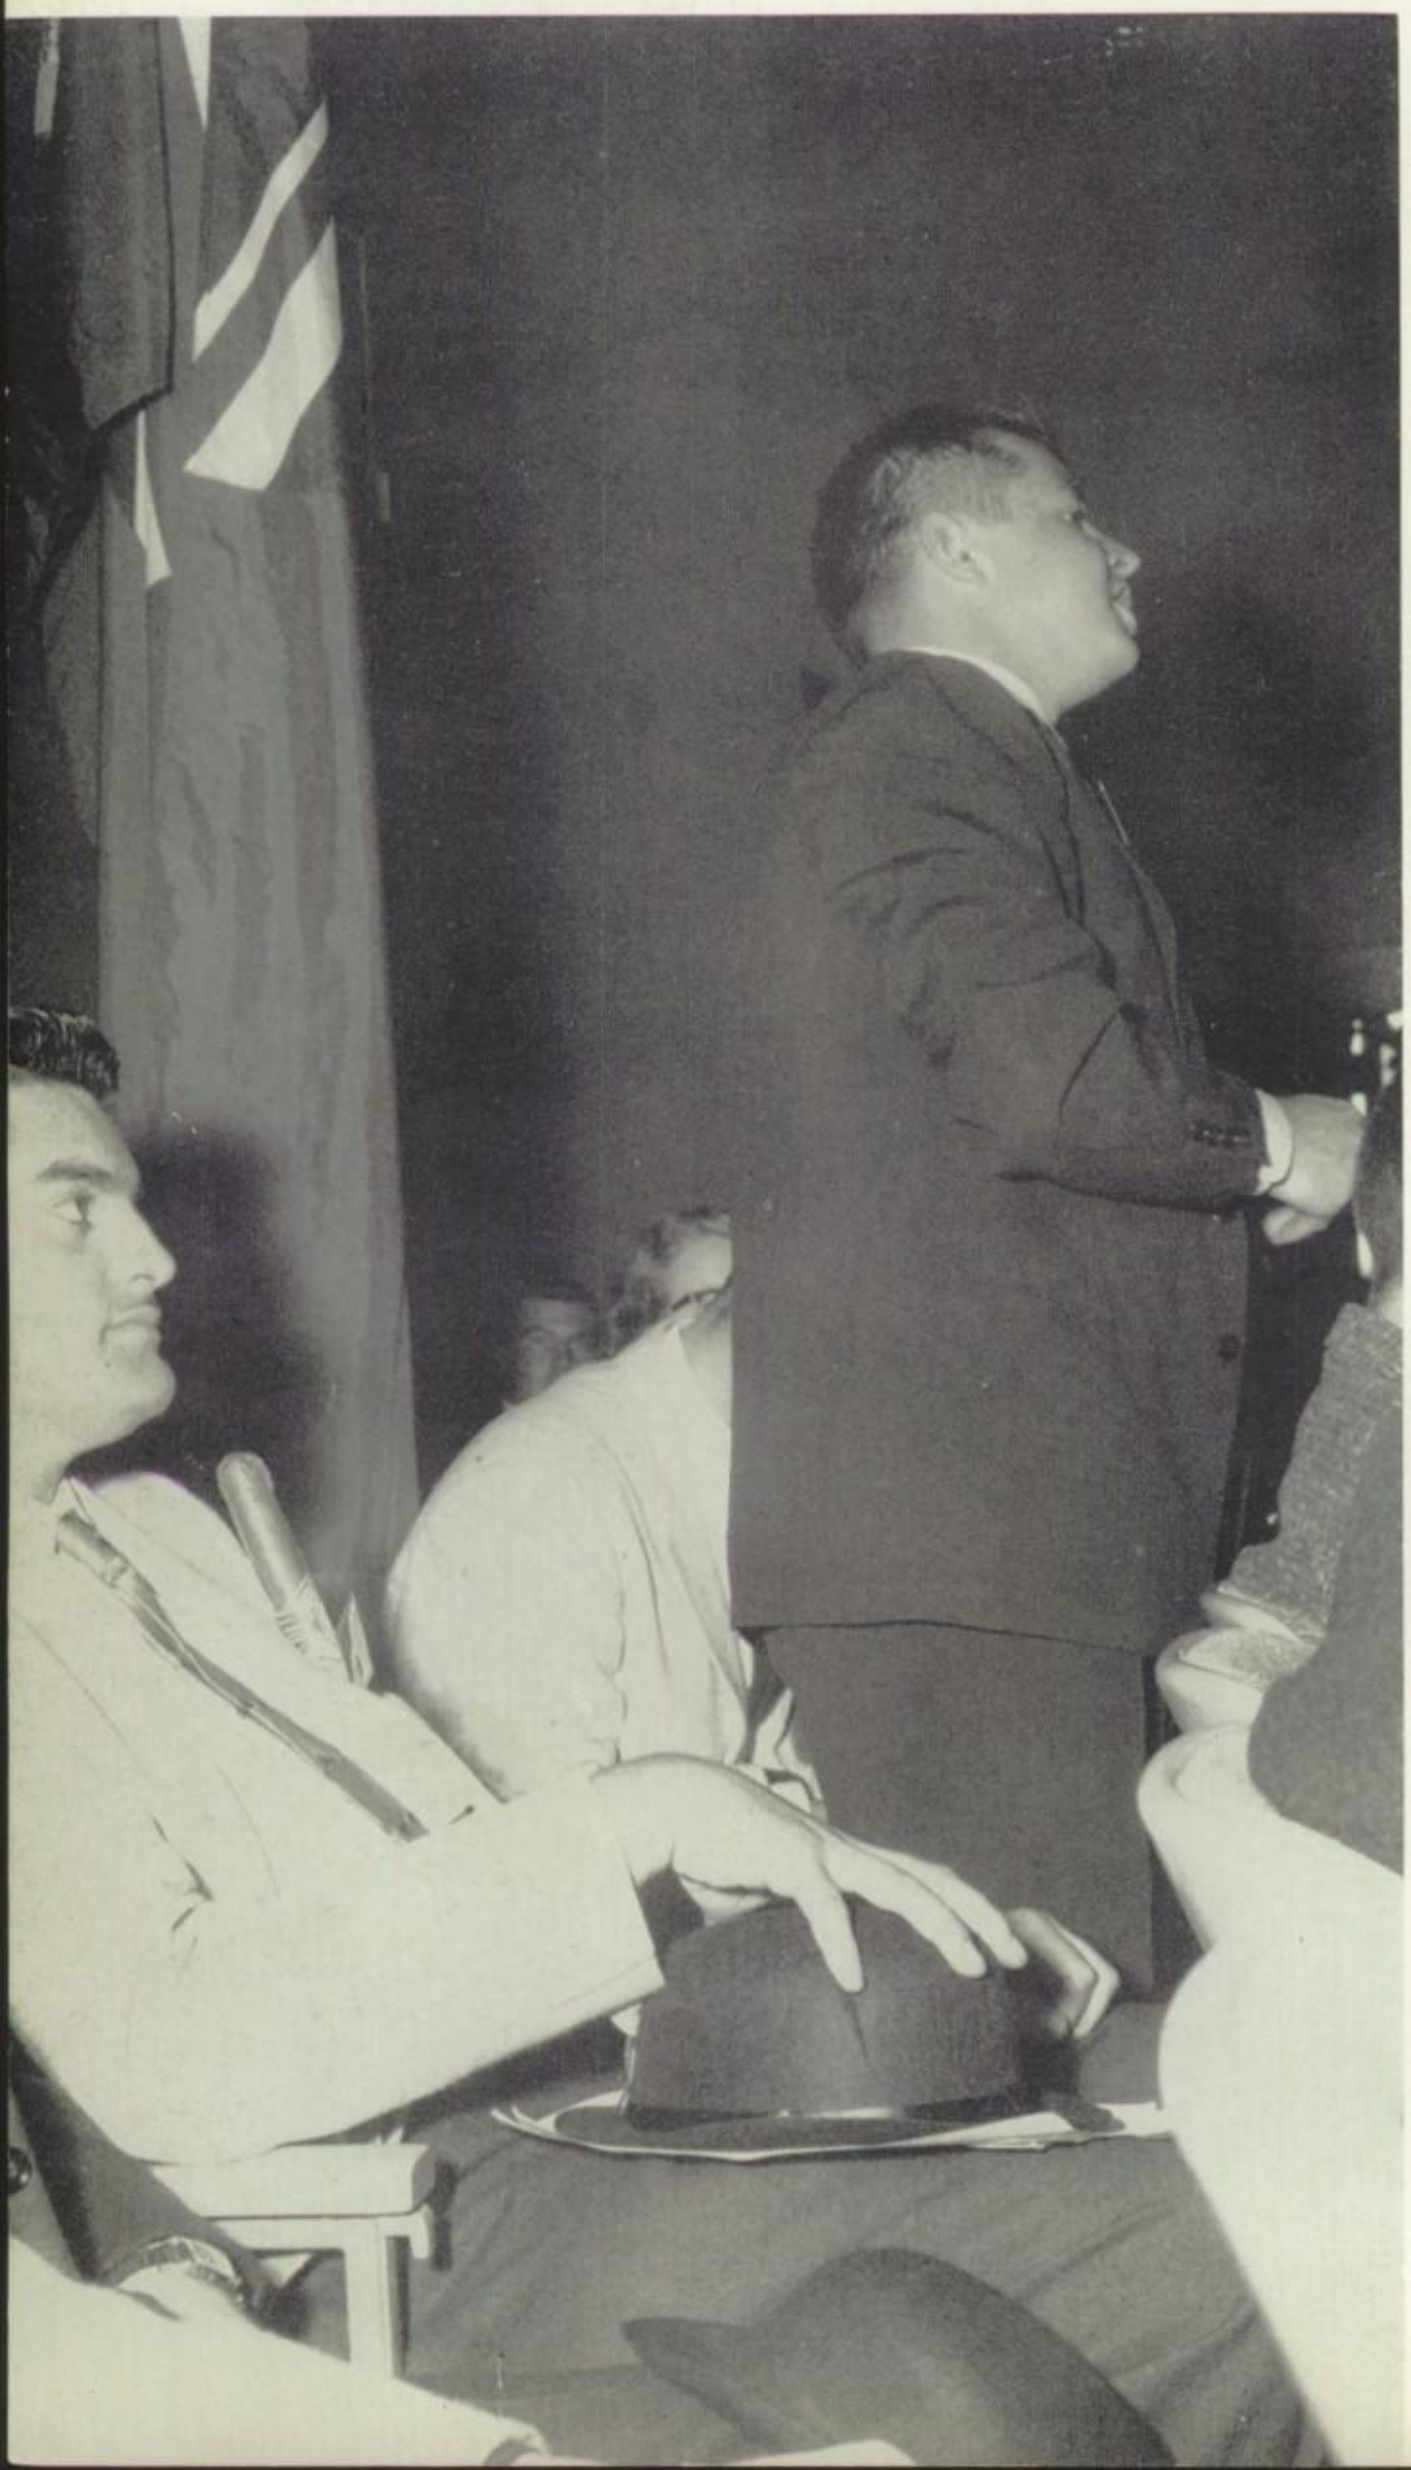
...and Radio

In its own clubroom, formerly the radio workshop, the Radio Club has a demonstration on radio parts by County Science Fair Electronics Champion, Mike Pastore, who developed the sun-powered radio. Watching are club President John Letzinger, promoter of tape recordings; Bob McCarthy, telephonics artist; and Bob Barta, radio-control fan. Dick Kadlubowski, technician, guards the door. A visitor studying for Explorer's merit-badge, Frank Peacher sits beside Norman Harms, designer of an electric submarine; hidden Steve Langworthy, KN6TWA; and Bill Neuman, sole novice ham of this year.

The club meets weekly, a dime for dues allows lab use to members. At year's end a series of other electronics show-hows were given by John Mallory, Paul Margosian and Neuman, directed by moderator Father Ryan.

Second Annual

Model U. N.—We Represent Canada



"Mr. Chairman! Our interests demand . . . " objects delegate John Fait at Canada's defense. Saint's participation in this second Model U.N. was the showiest of all. We arrived in grand motorcade and set up camp beneath a huge Canadian flag lent us by a Mapleleaf destroyer in port at the time. That's Hernando Limon with his bowler hat and outsized stogie backing John.

The Dominion of Canada was represented by St. Augustine's at the model U.N. General Assembly held at State College on April 27. The model U.N. held for the second year, is composed of several high schools of the San Diego area as the different countries, with each country introducing a resolution to the assembly.

The Canadian delegation was composed of Mr. Wolff, head of Saints history department, who selected the delegation: John Fait, John Coker, Michael Pastore, John Flanigan and Hernando Limon as delegates and Michael Brooks, Michael Nash, Karl Kottman, and John Parziale as alternates. The delegation met several times before the 27th to make up a resolution on universal disarmament to present to the model U.N.

The Canadian Delegation arrived at State College in grand style. A motorcycle escort, a chauffeured car, and a full size Canadian Union Jack all supplied color and character to the official Canadian delegation.

The delegation carried this initial spirit throughout the entire day. Examples of this spirit were highlighted in Coker's diplomatic speeches on the assembly floor, Flanigan and Brook's lobbying of the other delegations, and Kottman's knowledge of 'Robert's Rules of Order.'

Our Canadian delegation arrived in diplomatic grandeur escorted by Bob Ekhaml and chauffeured by Rolf Smith.

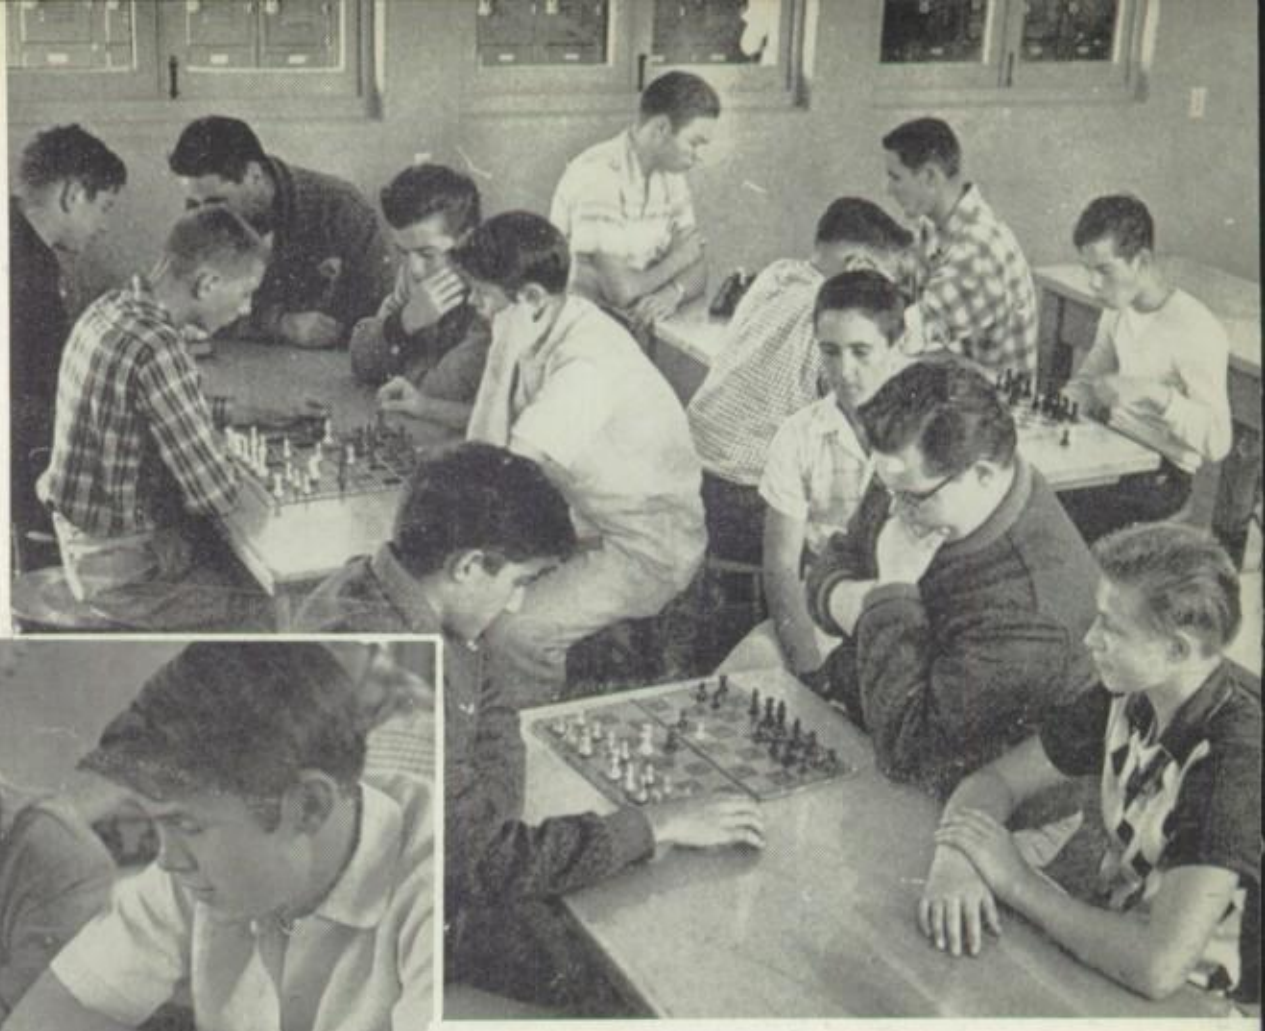
Checkmate



In its third year the chess club has built up a tremendous following and has become one of the most popular noontime activities. Tournaments are held in March, April, and May; Richard Johnson has already won the first two rounds and has only to capture the May championship to score a clean sweep. The club was under the close observance and moderation of Father Smith and was so successful that it will continue next year in an expanded form.

Young Christian Students

The Young Christian Students, under the direction Father Keane, have played an important part in the spreading of Catholic Action on campus during the past year. Those who actively participated in this organization were Donald Dorworth, Roger Bignell, Dick Lonnecker, Jack Bradly, Tom Valverde, Dick Hammes, Bob Ekhaml, John Shea, Carl Kaleta, and Pete Clampett.

California Scholarship Federation

In early February, the C.S.F. was formally chartered at a rally held in Dougherty Gym. The California Scholastic Federation is a statewide society open to all students who show the required excellence in studies. Mrs. Hammons, above, far right, of the San Diego High School faculty, installed the charter with the solemn warning for us "to be a credit to God and your country in the years to come."

First officers in the campus society are Dick Hammes, president; Tom Valverde, vice-president; Fred Nervo, treasurer; and Anton Iagmin, secretary. Ten percent of our student body will qualify for membership and the gold seal affixed to the diploma signifying publicly the honors attained in studies and activities.

Encouraged by a streak of four consecutive victories Saints opened their '57 grid season looking for their fifth, against a rugged Coronado eleven. A stunned Saints crowd witnessed what seemed to be a real upset as all Avocado-league halfback Harold Tobin ran back the opening kickoff for an amazing 60 yard touchdown. Tobin hit again for 6 early in the first quarter to push their lead to 13-0 until the Saints began to click. Bob Buchanan, junior halfback, ran back the next kickoff and scored another to lead Saints in scoring. Joe Albright scored two more, and Joe Gray another to pull the game out of the fire 31-19.

Looking to Lincoln for their sixth straight, the Saints gridders left the campus to spray the hornets with an insecticide mixed with a concoction of a crushing line and a speedy backfield. Meeting the enemy at Hoover's field the Saintsmen ran up against a near perfect defensive team combined with an offense led by giant halfback Luther Hayes. The game ended a scoreless tie. After two years of fierce competition, neither team has bested the other.

Upon moving into Pomona, we were a hopeful bunch. At the end of an 80-yard drive, Joe Gray went over for six. Working well together we

received the ball with some ease, though the hard driving Pomona bunch held any further penetration. Mike Valverde's touchdown pass was nullified by the clock. Pomona moved the ball equally well on the ground and in the air to score one touchdown and tie our footballers 6-6.

Chula Vista scored early in the first quarter of play. Pushing over after a 57-yard drive, the Spartans took the lead for the whole night.

Joe Gray was spotlighted with his 45-yard escape, down to the Spartan 35, but all activity died there.

Throughout the rest of the game, it was a battle of lines, with neither team penetrating the other's 20-yard line. Final: Spartans 7, Saints 0.

On Oct. 19, the Saints invaded Santa Paula for an 18 to 0 victory. Joe Gray set the pace with two TD's, followed by San Owens who scored in the third quarter.

Santa Paula, riddled with injuries, could not keep up with the well conditioned Saintsmen.

Both ground and air attack moved equally well throughout the game.

Saints met Hoover at Hoover, with shocking results. Hoover, San Diego's SCIF representative, moved easily against the Saints throughout the game.

The Saints seemed well on the way to a rally in the second quarter,

due to the fine running of Dick Neely and Gene Quigley, but our drive was halted on the Cardinals' 25.

In the last two quarters, the Hoover line tightened up and only the 40 was to be gained. The struggle ended with a 20 to 0 victory by Hoover as they continued on the road to their CPL championship.

We traveled to Yuma Nov. 2.

Marcus Bacling intercepted and moved for twenty yards, to set up a Joe Gray scamper for 15, and then Marcus again took the ball, and scored six, and booted the conversion.

The Yuma squad scored two more, one in the third and one in the fourth, as the "criminals" rolled to a convincing 20 to 7 victory.

The season came to an end with the Homecoming Game with San Diego High's defending SCIF champions at Balboa Stadium.

San Diego scored 20 before the Saintsmen scored in the third quarter. With Mike Cunningham as field general, San Owens penetrated the Cavers' goal for the first time since 1943. Final tally: Cavemen 20, Saints 6.

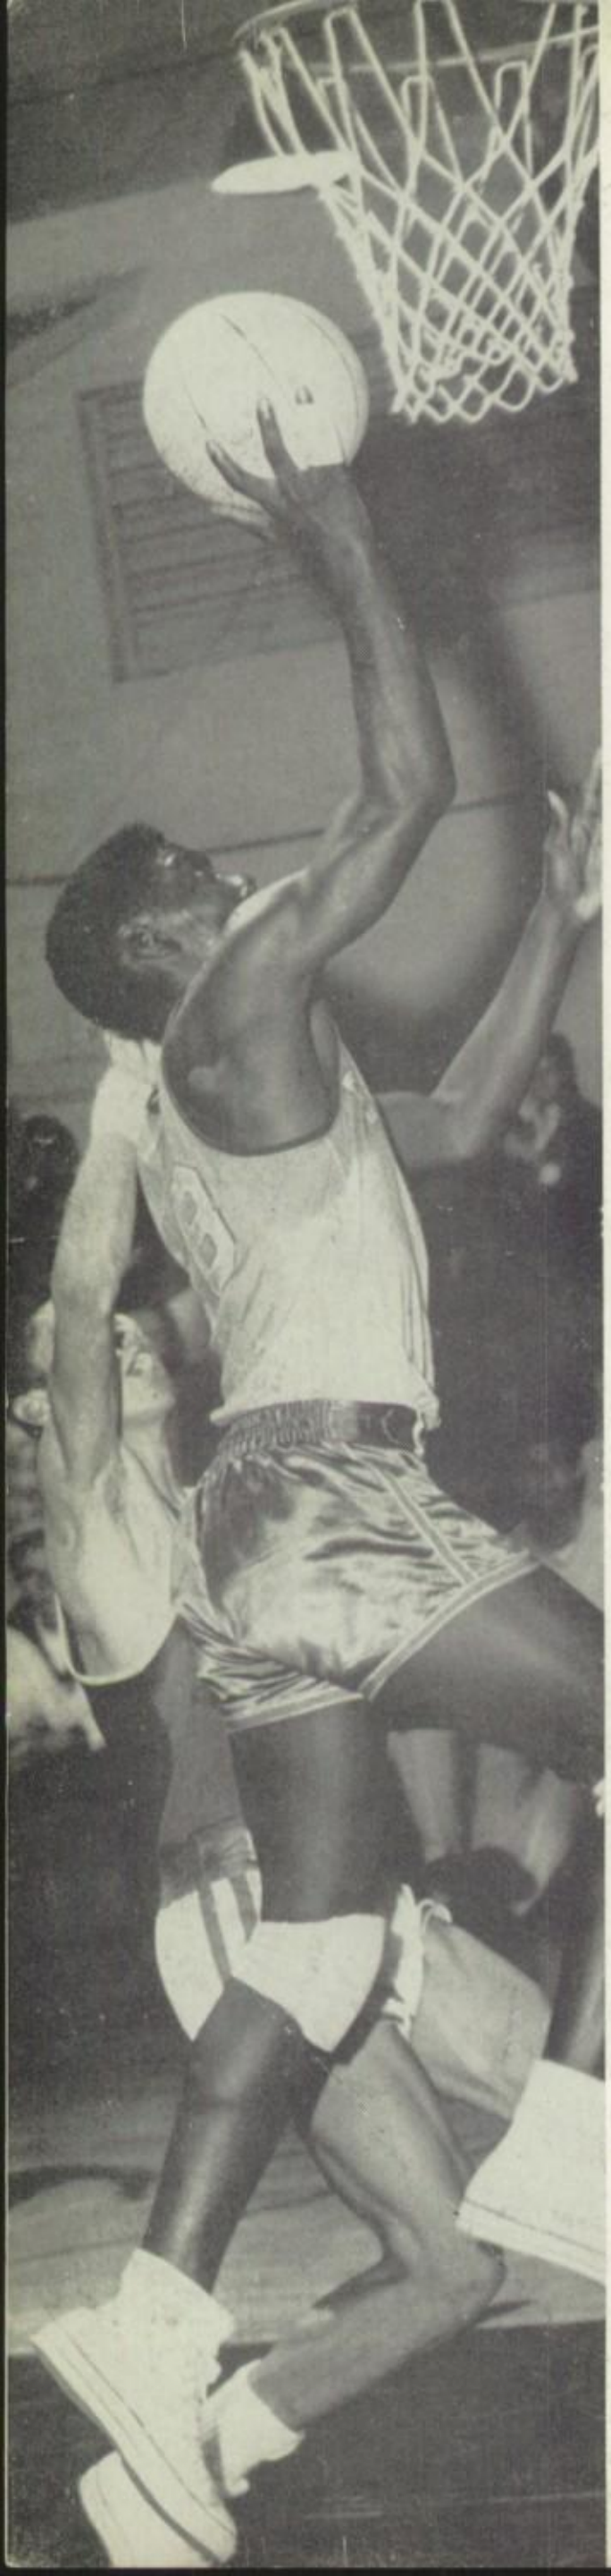
Tommy Shaules prepares for a lay-up and builds the foundation of his 587 points as John Drum, one of Helix's high point men come on to try and block the shot. John Cunningham's sensational 444 points in 1955 and Hector Sauchez 412 in 1956 looked like records which would stand a long time. Our campus has had county high scorer for 3 delightful years now.

This year's basketball team opened the season with a string of victories and new records that were a credit to the new coach, Mr. Moriarity. Even with players like "Big" Luther Hayes, Lincoln was downed by Saints in a score of 44-37. Twice the San Diego Cavers were defeated by Saints for the first time in 12 years. Though we bowed to Helix in the first game, we came back in the second to triumph with an 86-72 final score. Thus, against Johnson and Gilbert of San Diego and the sensation of the Metro League, Gael Barsotti, Saints managed to display a fine spirit and drive. Finally, Chula Vista, with the great little net burner, Frank Redfoot, played us in two games and results almost exactly like the Helix games came about, the finals being 54-68 and 53-44.

Perhaps the most outstanding feature of this year's season was the scoring of Tom Shaules. His sensational 587 points broke all scoring records, school and county. Among the awards this fine player received is the Breitbard's "Athlete of the Month" in February.



To stop a team, you have to prevent it from scoring more points than you. This is done by a strong defense, with plenty of power to score. This we had, plus the important asset of speed, if not of height. A key man in defense was Alex Castro, who seldom let a man score in a situation of a one-and-one defense. Next we had Tom Shaules, who was equally as good on defense as on offense. Tom Valverde, the only senior on the first team, provided the hustle! Sammy Owens was always a threat under the basket, and his scoring kept us in many games. Real sharpshooting was provided by "Fitz" Richard Patrick, who incidentally moved in from a second-string position. Of course, we cannot forget the great help brought about by the "dead-eyes," Dan Rossi, Mike Pflaum, Jim Suda, and "rebound-grabbers" Jay Oliver, Wendell Fleet, and Dick Lonnecker.

Sammy Owens breaks through a strong defense for another lay-up as he adds to his collection of 227 points. Sam's outsized Bandaid must hold his secret weapon.

Top: Tom Valverde shoots over his defender's fingertips. Jim Suda, on his jump shot. Alex Castro looks on as Richard Patrick dribbles down the court.

Bob Ekhaml, Commissioner of Athletics, eyes the official clock as the 2nd half is about to begin.

As (almost) everybody cheers, Father Glynn gives his approval when Shaules sinks one to help defeat Helix, the closing game of the season.

Progress Report

The track team, which showed a marked absence of seniors this year, took hours of training to get the needed depth. The new coaches, Jack Murphy and Len Donohue, provided those hours, and the team pulled the upset of the year against powerful and undefeated Laguna Beach High.

The team was led by Joe Gray, Ray Ratelle, Jay Elson and John Luna.

Freshman George Clause has proven himself a real threat in the sprints for the C.P.L. next year by qualifying for the 100 and 220 in S.C.I.F. semi-finals.

"B" squad standouts were Bert Burnhan, Mike Hubbard and Bob Buchanan.

"C" squad standouts were Chris Callahan, Carlos Estavillo.

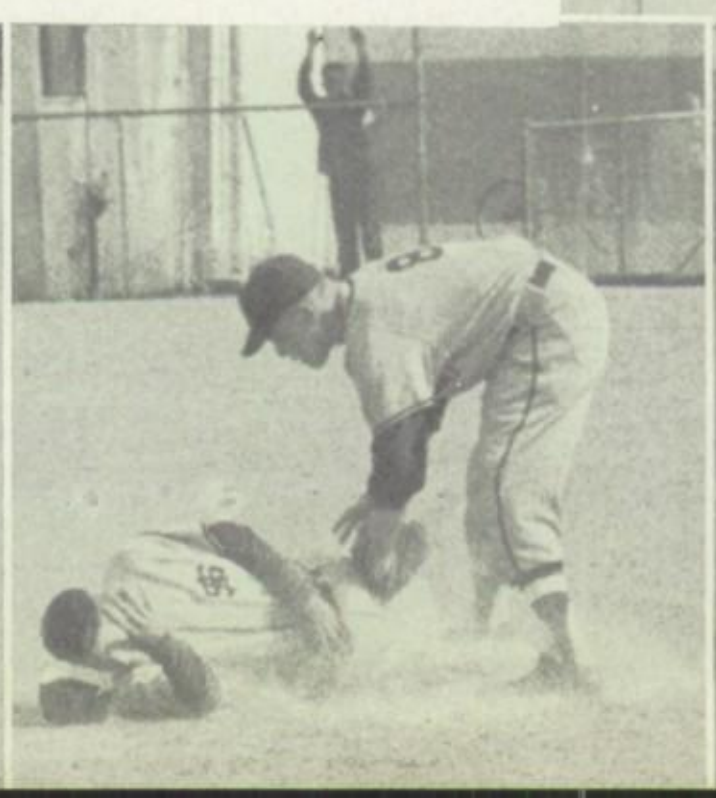
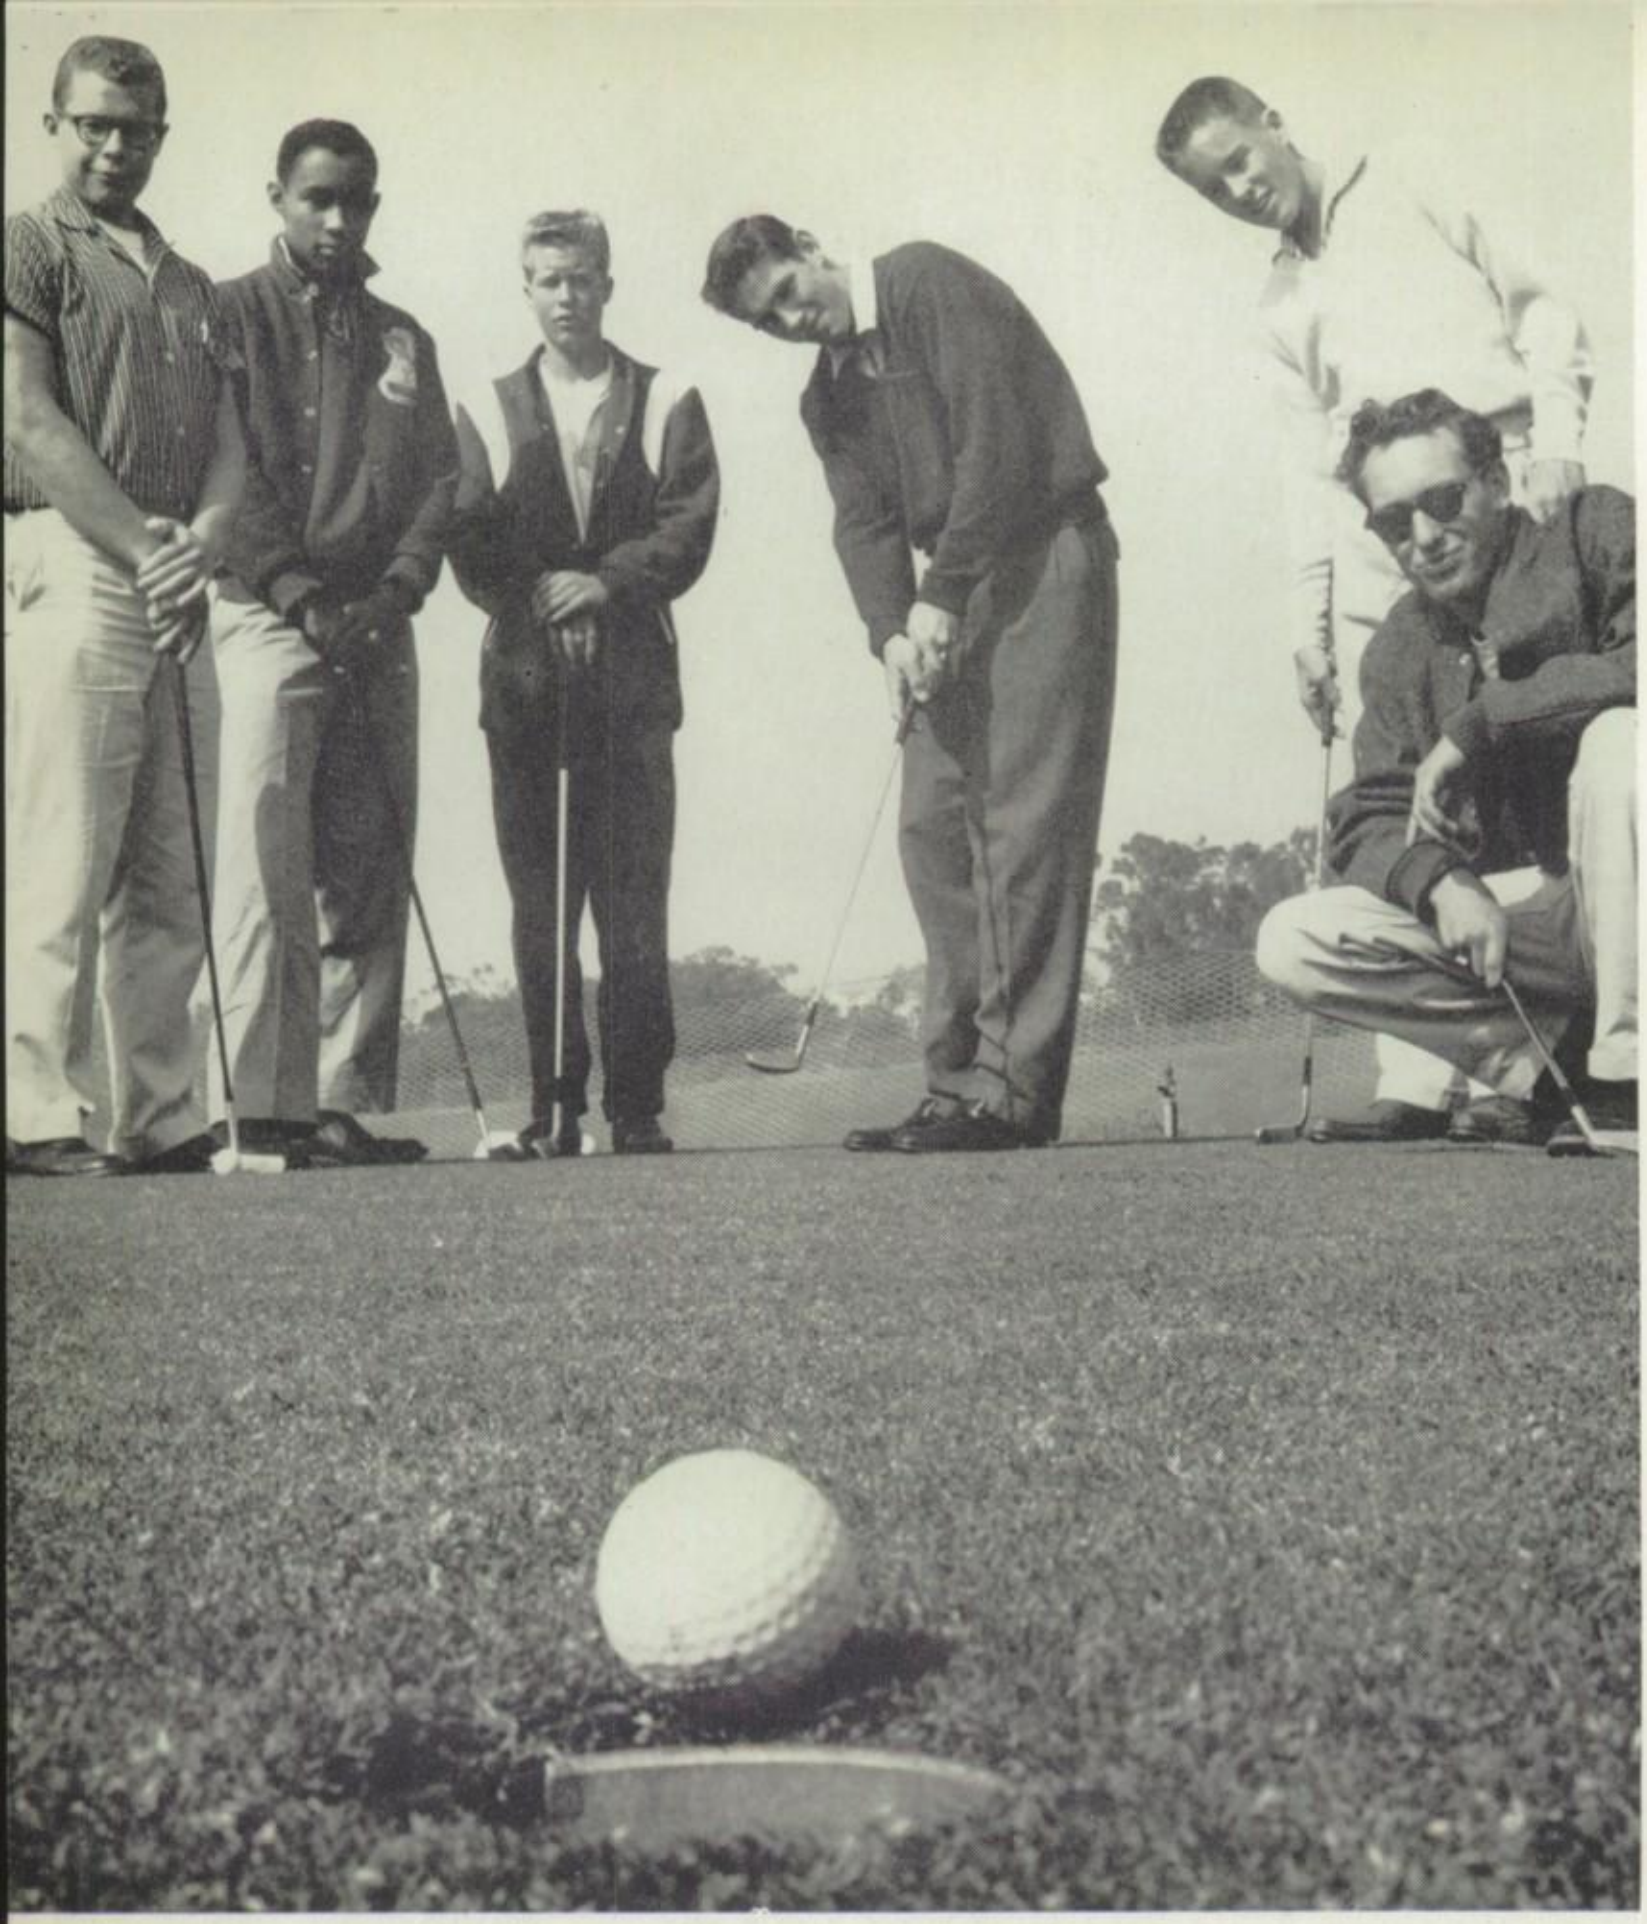
Coach Galindo briefs the team before the Grossmont game, but to no avail, as the Foothillers went on to whip the Saintsmen 9-1 behind the one-hit pitching of Don Brooks.

Richard Serrano slides safely back to second base after taking too big a lead-off.

Hilbert Mercado warms-up. Hilbert, a transfer from San Diego High, proved very valuable to the pitching staff.





The Golfing Look

Saints began the golf season with only one returning letterman from last year's team, James Coker. The rest of the players consisted of freshmen Joe Bodenstadt and Bill Silverthorn, sophomores Mike Murphy and Bob Ramirez, and seniors Jimmy Barnes and York Mitchell.

Mr. John Maher, in his first year at St. Augustine's, ably coached our squad through a season which picked up in the latter half when we took our revenge out on Mission Bay. San Diego, the city of magnificent golf courses, offered us three links to play on, Mission Valley Golf Course, La Jolla Golf Course, and hilly Municipal Links, scarcely a mile west of Campus.

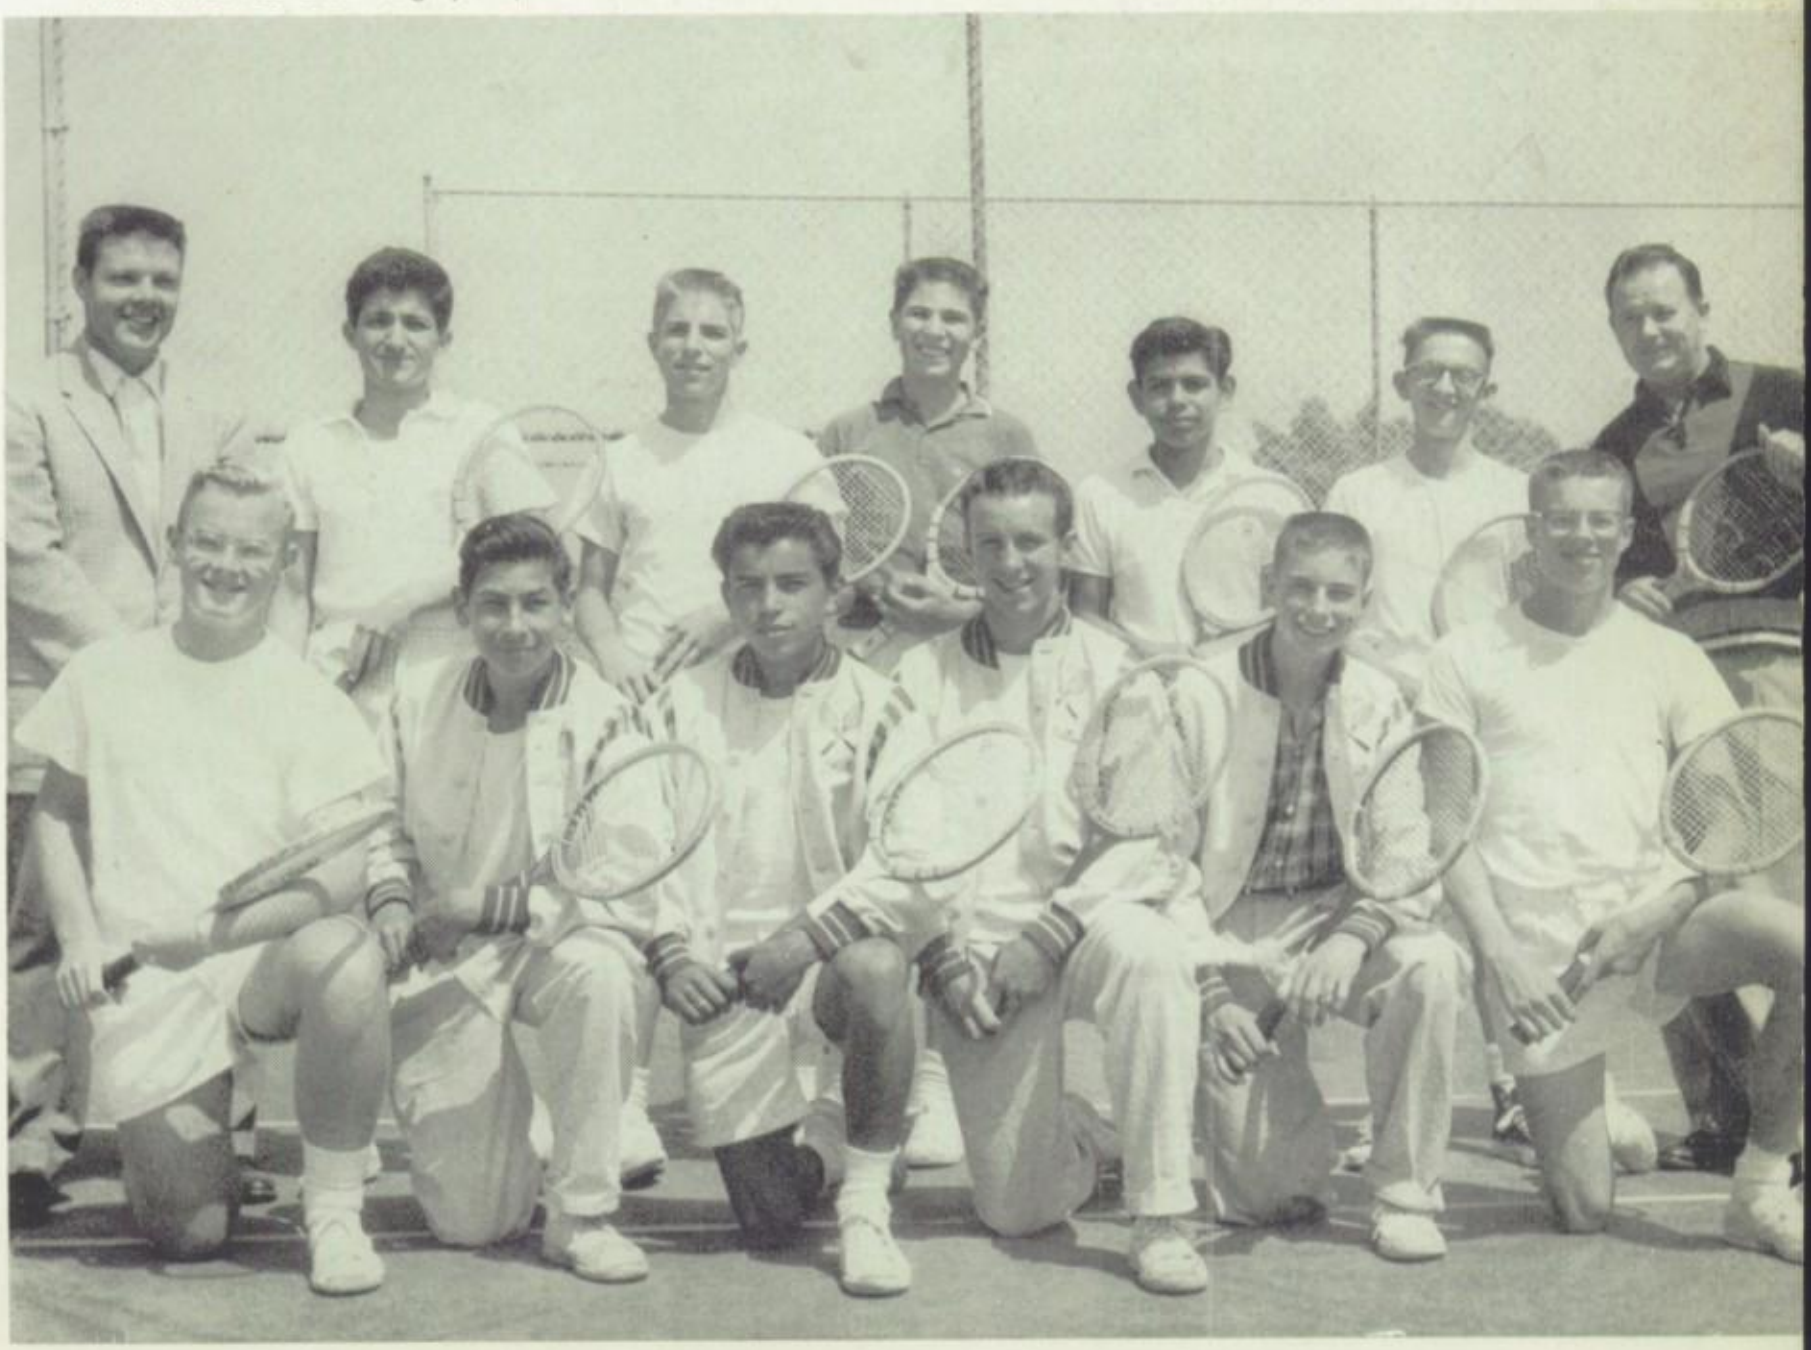
Anyone for Tennis?

The fact that skill does not come with age has well been seen in the 1957 edition of Saint's tennis team. On the top of the ladder is Marcus Carriedo '60, holding this position down with great determination and backed up with a series of impressive victories. Following Marcus is possibly the most improved player in the surrounding area, sophomore John Minna. Danny Gonzales will no doubt be great assistance next year, as he has been this year. But these two will not have an easy time holding a top place on the ladder when you have players like Dunning Wilson and Robert Johnson pushing hard. Being sophomores, they are a promise of great things to come next year and the following. John Grinder '58 and James Caterina '60 are also excellent additions to this year's squad and will be very valuable next year. Rounding out the team are Richard Johnson, Bob Scauzillo, and Charles Pino.

Of all the names mentioned above, only two were on the Varsity tennis team last year. Four have had no previous experience in prep tennis, and we have a young team. The team is ably coached by Len Smorin, with the assistance of Fred Kinne.

Front, left to right: Dunning Wilson, Charles Pino, Dan Gonzalez, John Grinder, Dick Johnson, Bob Johnson. Rear: Coach Smorin, Bob Scauzillo, Mike Fleet, Jim Minna, Marcos Carriedo, Jim Caterina, Mr. Fred Kinne. Mr. Kinne has been largely responsible for much of our team's success in recent years.



Juniors Dominate Intramurals

With Alex Castro's Los Toros and Dick Lonnecker's Trojans meeting in the Intramural Football championship game, the Junior domination of this years intramural sports was forecast. After being tied after the first day of play, the Los Toros exploded Tom Shaules for two tallies and a victory. It was definitely not a runaway, however, due to the offensive work of Paul Cota for the Trojans, and also, for the same team, the defensive accomplishments of "Skip" Padberg.

Featured in the three leagues was the fact that no team won both rounds. The Los Toros had to fight it out in a playoff game with Mike Pflaum, Jay Oliver, and Bob Madruga combined under the title "The Square Brothers." Lonnecker's boys were given quite a little trouble from the Toy Tigers, captained by Roger Bignell. Going into an overtime playoff game, the Bearcats finally downed the Champs 6-0. The victory was no doubt gained through the playing of Dennis Schields and Larry Turner.

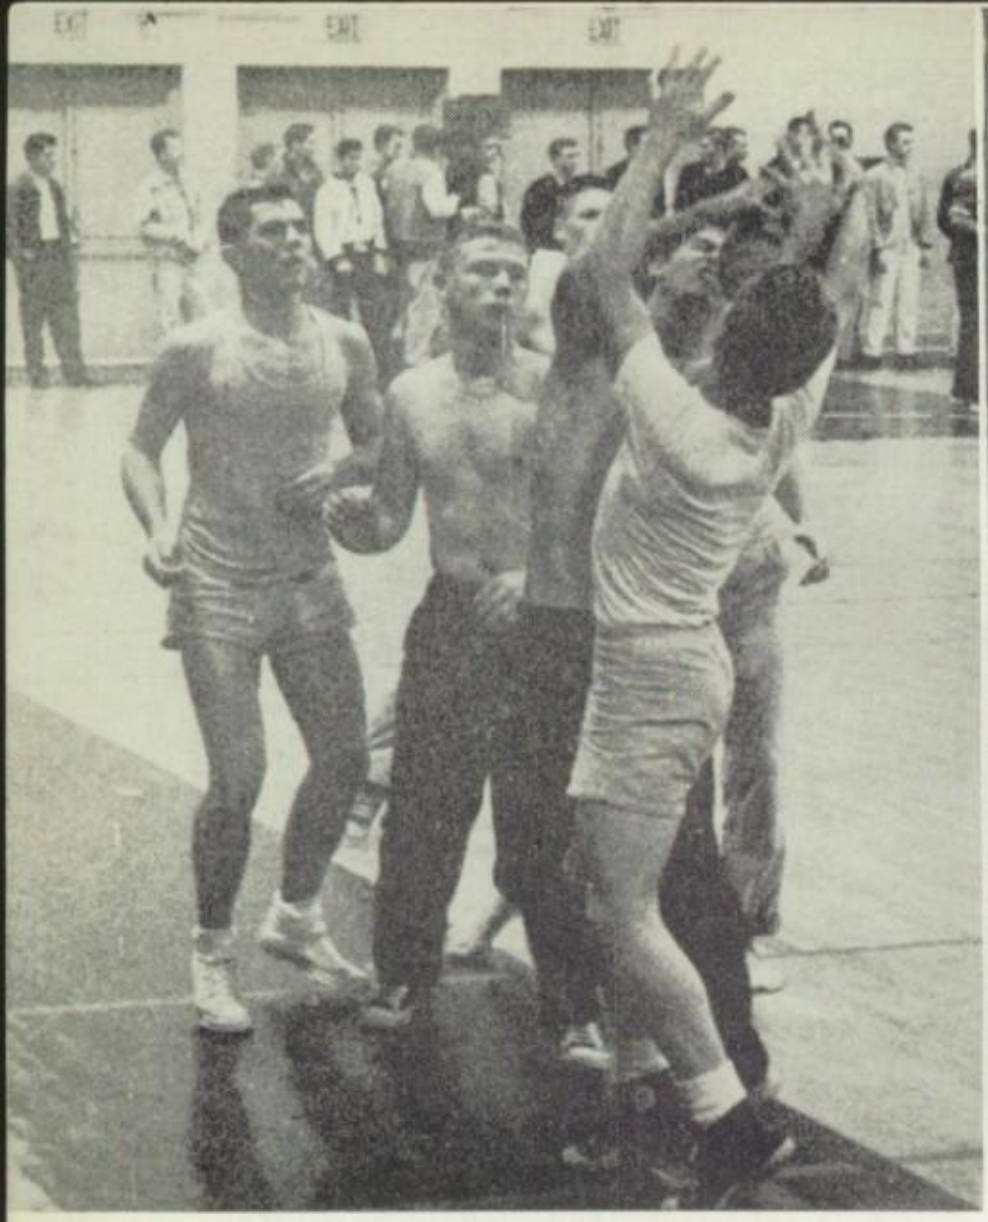
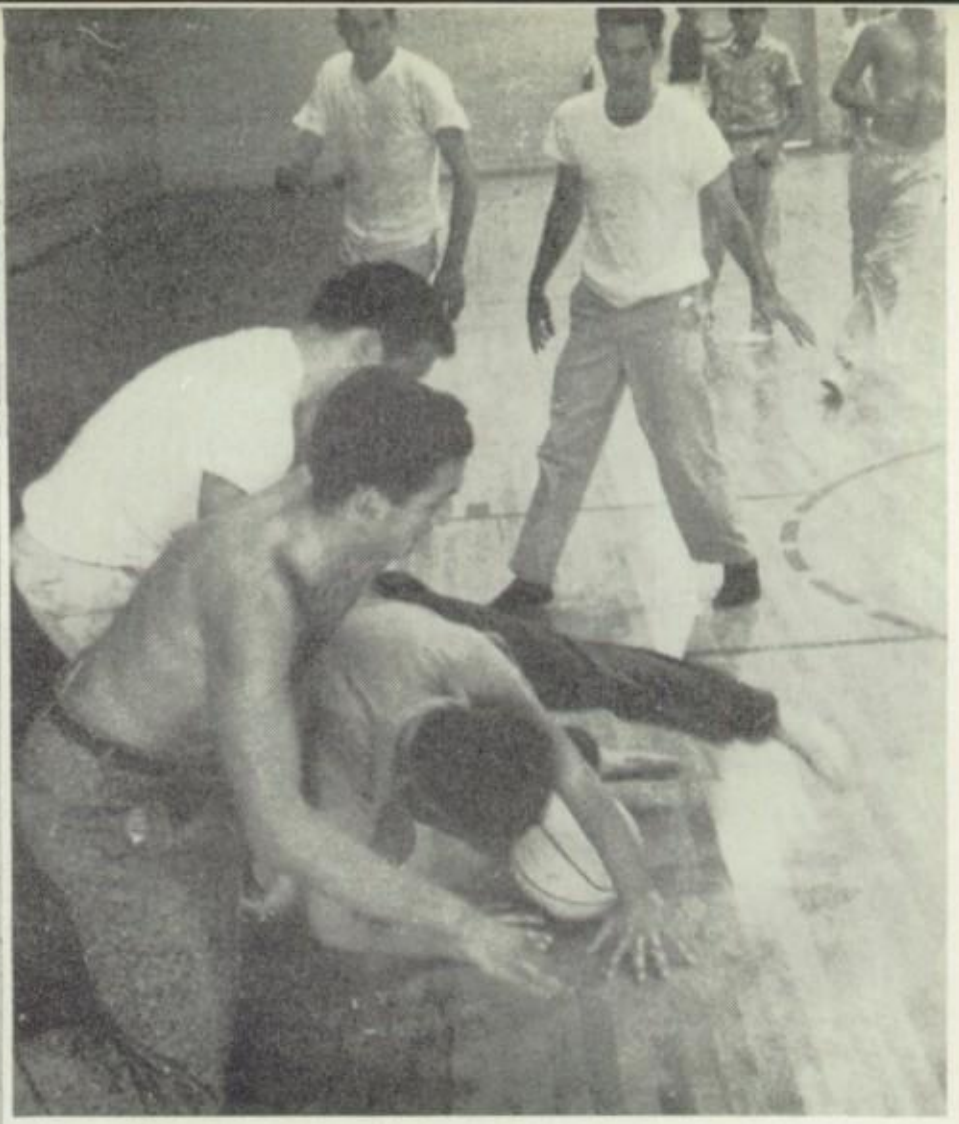
Football





Basketball

In the capable hands of the new Intramural Moderator, Father Griswold, and through the work of Bob Ekhaml, Commissioner of Athletics, the second of the intramural sports got underway in the gym.

Coach "Tank" Walker's mob, "The Dribbling Five," alone posted a perfect season, at least up to the championship game. Their season was not without its scares as Jim Petruzelli joined with Tony Gianformaggio, Larry Shea, and Chuck Cunningham to battle them to within one point of a tie.

Stan Prieto proved to be a valuable addition to the Los Chicos as the team of Prieto, Trask, Valverde, Munoz, and Buchanan defeated the Dribbling Five for the school title of I-M Basketball Champs.

Section 1B again represented the Freshman League in the school playoffs, but couldn't quite overcome the great odds that confronted them in the person of the Los Chicos.

Run for the Turkey

The day before Thanksgiving saw more than fifty students lined up on Nutmeg for the start of the Third Annual Turkey Trot, a cross-country run over a course of 1.7 miles. Although all the classes were well represented, a Sophomore, Joe Rosa by name, walked (or should the word be ran) off with the prize of a plump turkey. The prize was well decided before the race was over as Joe came in a full block ahead of his nearest danger. As was clearly seen, practice pays off. Joe practiced his running faithfully during the summer preparation for track and cross-country.

Capturing second was John Andrew and Paul Cota wasn't too far behind. A duck and chicken were theirs respectively. This was by far the best showing in the three years this event has ben held and it was the nicest turkey given besides.

A first was seen in this running since the students were able to know exactly the progress of the race by means of a communication arranged by Father Ryan and set up in the back of Bill Scott's truck. Art Creatura did the actual reporting with able assistance from Mike Pastore and Robert Johnson.

Volleyball

Alex Castro commandeered his Los Guerreros to their second Intramural victory, losing but one game in fifteen chances. Strangely enough, in the championship game the same two teams met that fought it out for victory in the championship basketball tilt. The only difference being the result was reversed.

Tom Wallace, Dennis Shea, and the other members of Los Matones team, hailing from section 1A, gained the right to meet the winners of the Intermediate League by posting a nine win one loss record that ran away with the Freshman League.

Serrano, Moore, Schiemell, and Castro were the main guns in downing Dick Patrick's Los Santos, enabling them to hang their second banner, with their names sewn thereupon, in the gym.

Softball

The Goon Platoon III and the M.K.V.D. are teaming up to do their best in stopping the Junior sweep of the Intramural program this year. With the last sport, the Goon Platoon III are trying to get out of the rut in the Senior-Junior League that has seen them in second place in the last two intramural sports, basketball and volleyball. Alberto Lim is doing his part from the mound and captain Russ Graff keeps the rest of the team on their toes.

The M. K. V. D. have gone half through their schedule of six games and have yet to taste defeat. It is for sure that John Minna, Mike Fleet and Jim Riley have done more than their part.

Section 1G of the Freshman class has taken the lead in their league and also have a good chance of winning. George Clause, Pete Coscarart, and Pete Mighetto (captain) are big cogs in their winning machinery.

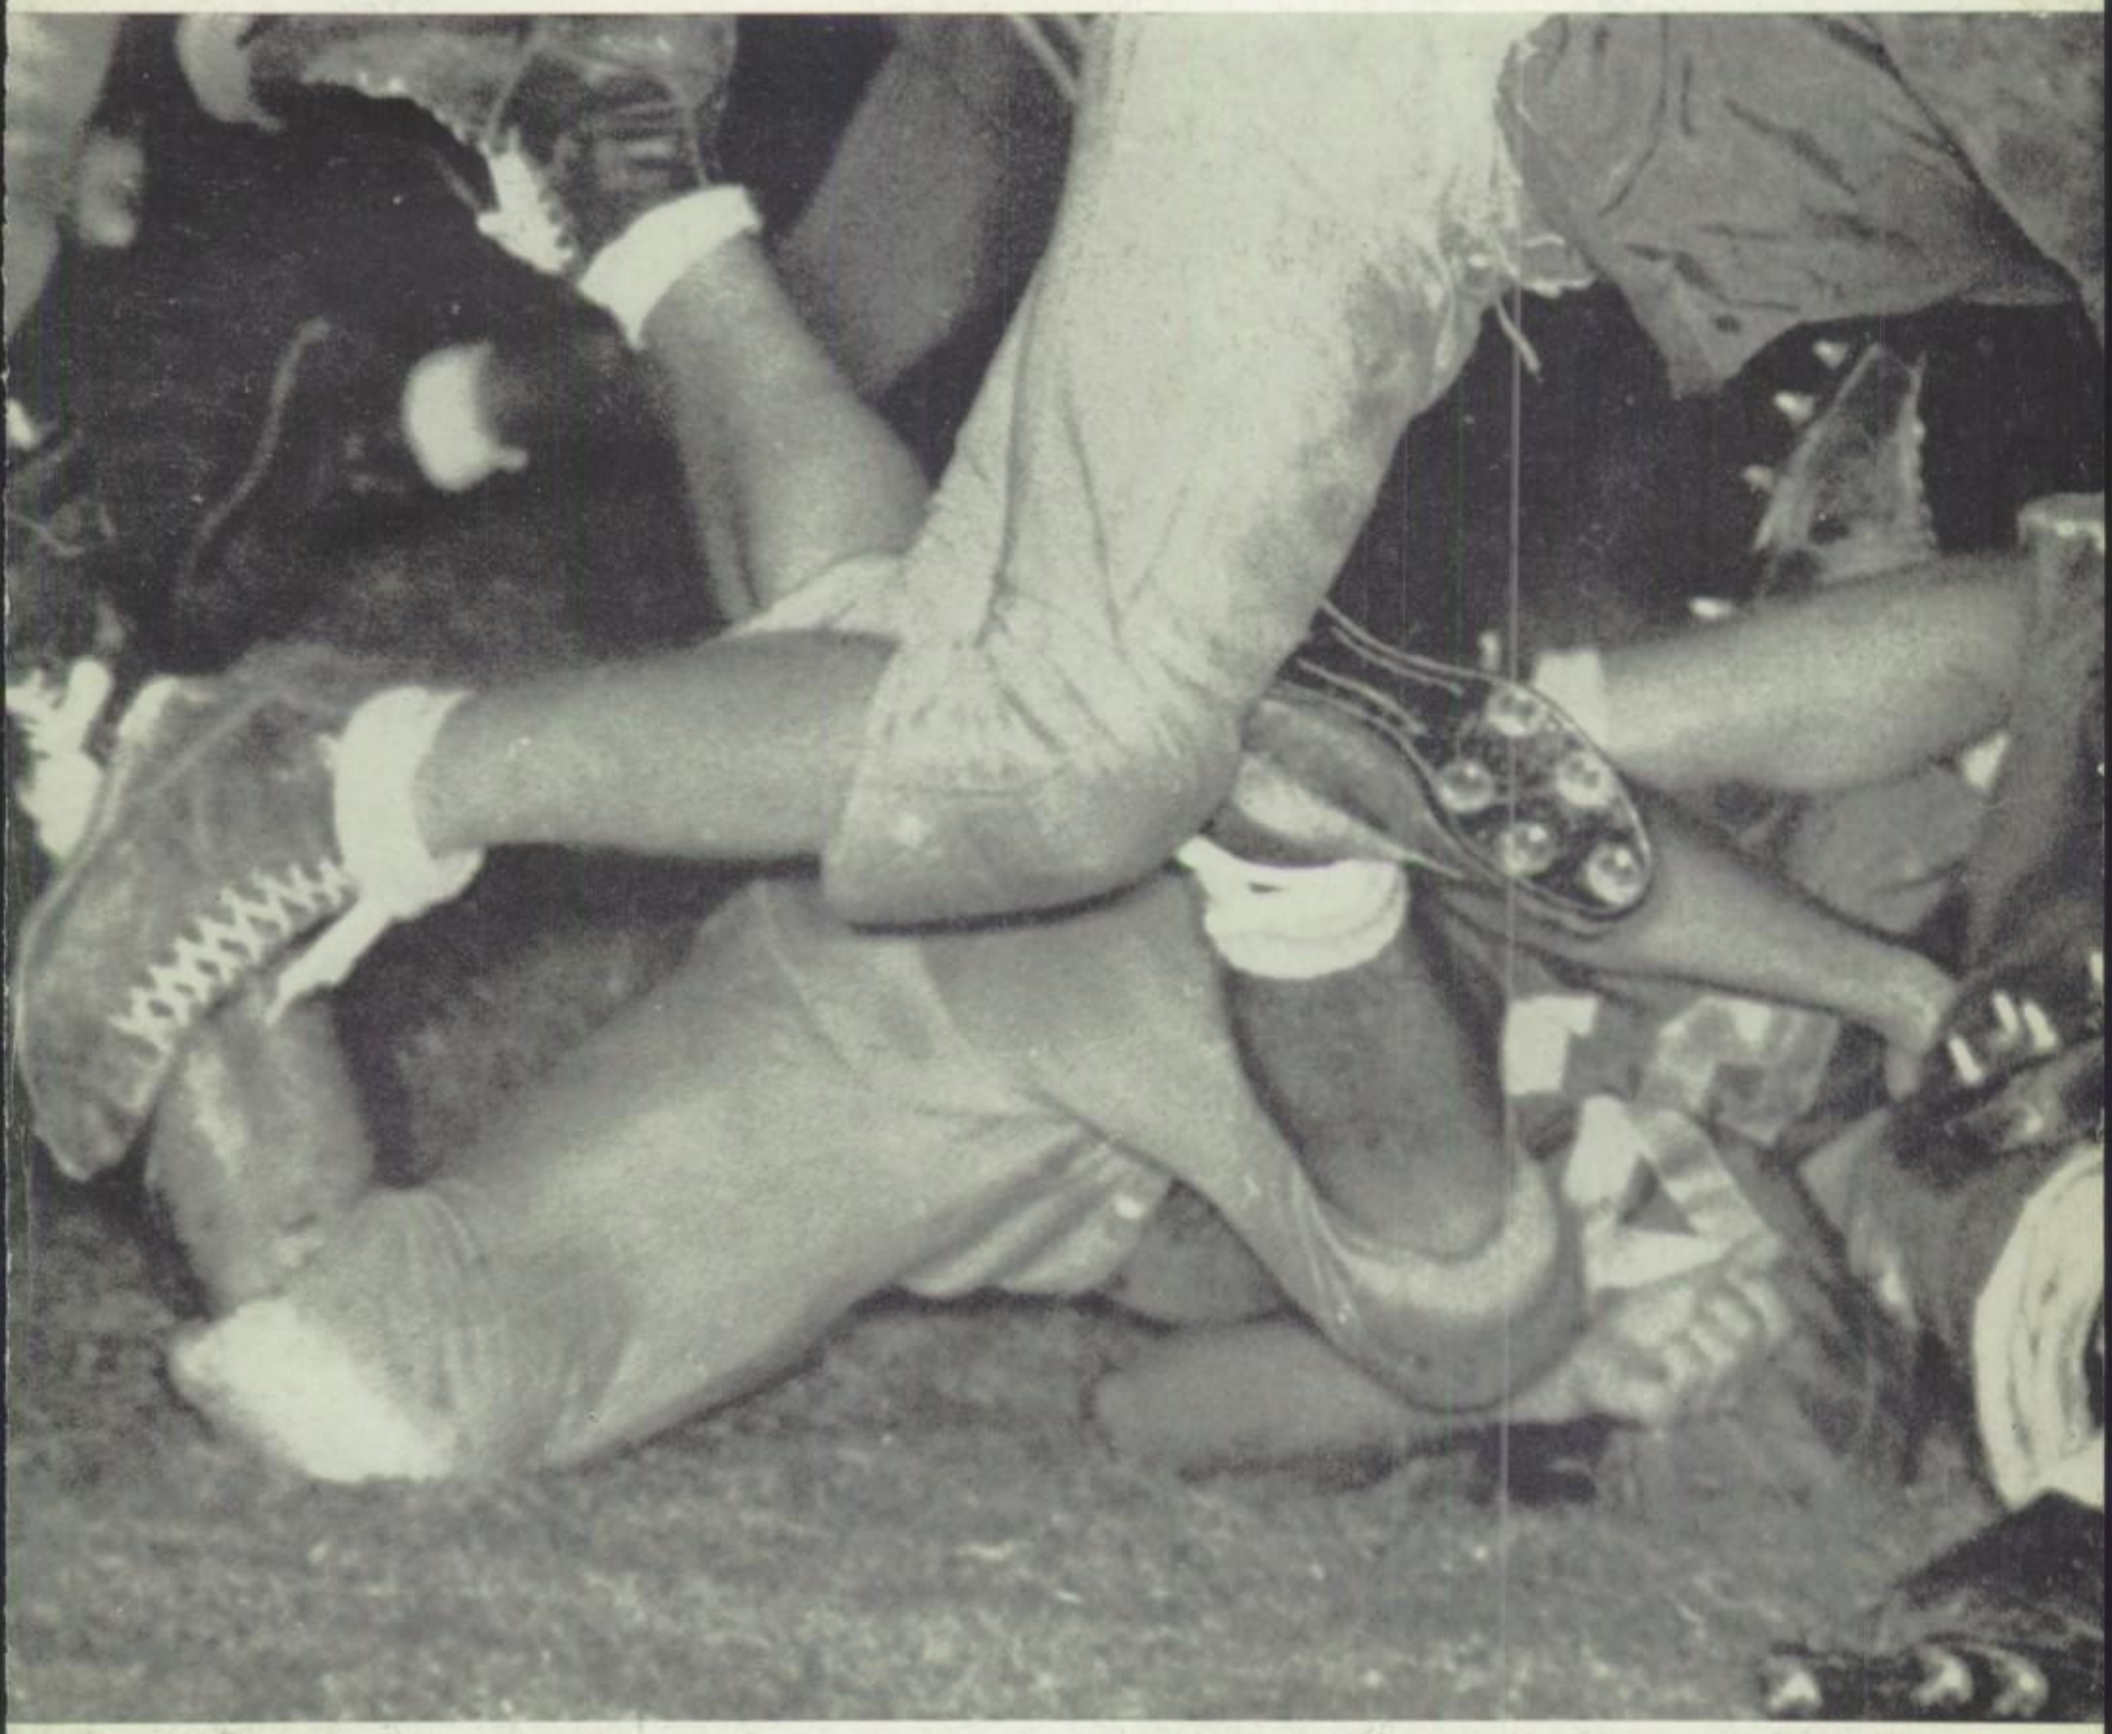
Speaking of Pictures



We get used to the idea that football is a gruelling game and always sympathize with an injured player. But it took the fast shutter of Mr. Frank Jennings of Coronado covering our games to prove the point. His picture above shows the faceless tangle of humanity that must be picked apart every play. How many people are in the picture? Check your answer by examining another shot elsewhere in this book. And, by the way, how many injuries resulted here? None! Superior conditioning, training and equipment will allow a Saintsman to take this all season.

Dear Reader:

Pictures! Pictures! Pictures! That's the story of SAINTSMAN '57, the most unusual annual ever published at St. Augustine's. Besides its outstanding feature, the recording, it contains what we thought to be the best pictures out of an assortment of over 4500 which filled our files to overflowing.

Credit should be given to all those who contributed so generously of their talents to make this such: Fr. Smith, who kept us from finishing too early; John Fait, my hard-working editorial associate who is helping me write this letter; Joe Busco and Bert Nestor for the senior portraits; Frank Jennings, always faithful in helping us with extraordinary photos; Mr. Howard of Edward's Photography for the top-quality underclass individuals; Jim Neyenesch of Neyenesch Printers for his patience with delayed deadlines; and Charles Waterson of Sunset Engravers.

I want to give special credit to a trio of sophomores: Ken Currier for an amazing supply of significant 35mm pictures; and the Audio Editors, Steven Langworthy and John Letzinger, whose imagination produced the recording.

To all those others whose names are not mentioned and who have contributed to the production of this eighteenth volume of the St. Augustine yearbook, I would like to express a grateful and simple "Thank You."

John Flanigan
